

# BERLIN'S HATRED SHOWS

## Mob Chants—Wall Must Go

... ON 2ND ANNIVERSARY

Berlin (AP)—An angry crowd of West Berliners led by leather-jacketed youths clashed with club-swinging police Tuesday night in a demonstration put on to show hatred of the Communist wall.

The night-time outburst on the second anniversary of the wall climaxed a day that had been relatively quiet except for a mysterious explosion and a shot in the early morning on the East Berlin side.

The demonstration lasted almost 4 hours, ending just before midnight.

The climax came after police had herded the estimated 1,500 demonstrators into a square and several teen-age ringleaders defiantly pleaded with their mates to return to Checkpoint Charlie, the crossing point for foreigners between East and West Berlin.

Some demonstrators then hurled rocks at the police, who waded in with their clubs. At least one person was believed injured.

Police were seen dragging several demonstrators away, but officials said all were released later.

About 100 demonstrators followed the call for the march toward Checkpoint Charlie, where they were confronted by a heavy cordon of police. Their fighting spirit evaporated, they gradually dispersed.

Place Wreath  
The demonstration, apparently planned for the evening hour to attract a larger crowd, started about 8 p.m., shortly after 200 youths had placed a wreath at a memorial for persons who were killed trying to escape from East Berlin.

The youths, carrying a banner reading "when does the wall go?" paraded along the wall attracting additional marchers. As the crowd swelled, they marched toward Checkpoint Charlie hurling rocks at floodlights in Communist East Berlin and chanting "the wall must go... the wall must go."

Others shouted "hang Ulbricht—kill the spade beard" in reference to the East German Communist boss, Walter Ulbricht, who ordered the wall built to prevent East Berliners from escaping to the West.

Car Battered  
A Soviet-built sedan bearing East German diplomatic license plates was battered and its rear window smashed with a pole as it tried to drive slowly through the demonstrators at Checkpoint Charlie.

Apparently the two occupants in the car were not injured as they eased the vehicle through the angry, cursing demonstrators and were waved through the checkpoint by U.S. military police.

The crowd then moved to another crossing point at Heinrich Heine street where they spotted a U.S. military police sedan and surged toward it, pounding its roof before West Berlin police cleared a path for the vehicle.

Earlier in the day, West Berlin city officials placed wreaths at numerous memorials along the 26½-mile wall, marking spots where refugees died trying to escape from the Red-ruled East.

Hundreds of persons crowded around the flower-decked memorial to Peter Fechter, 18-year-old East Berliner shot near Checkpoint Charlie Aug. 17 last year. Fechter was left moaning at the wall for nearly an hour before he died to death, touching off riots.

Despite rocks that were being hurled into East Berlin, the Reds surprised Westerners by not retaliating.

State Is Eyed For Satellite Tracking Site

Gov. Frank Morrison said Tuesday he has been told the federal government has narrowed its choices for an Army satellite tracking station to Nebraska and Missouri, and voiced the hope Nebraska will be ultimately selected.

He suggested that the Hastings Naval Ammunition Depot, which the federal government already owns, would be an ideal location for such an installation.

Morrison said he has been "contacting officials in Washington" relative to the matter, and said he understands Sens. Roman Hruska and Carl Curtis also were working to get the station located in Nebraska.

The governor said his information about the station and Nebraska's potential as a site came through the Lincoln Telephone & Telegraph Co. He noted the Lincoln firm is one of several utilities interested in the satellite communications system.

Morrison said he understands the Army needs about 1,000 acres for the site.

Warnings Issued  
Venice, Italy (UPI) — Police said they have issued several warnings to tourists for wearing scanty clothing in shops, hotels and restaurants.

Give a man credit for anything today and he will buy it. (Cov. Gen. Fea. Corp.)

## Explosion Kills Two, Hurts At Least 18

A fire truck shows the destructive force of an explosion Tuesday that wrecked a building in Cleveland, Ohio, killing two firemen and injuring at least 18 persons. The blast was blamed on leaking propane gas from a tank truck inside the Avis Rent-A-Truck agency. The explosion shattered windows a block away and started a fire.

## Absolute Stalemate In Rail Negotiations

Washington (AP)—The crucial railroad work rules negotiations were pronounced in an "absolute stalemate" Tuesday on the key firemen's issue. The railroads said there was no chance of a negotiated settlement.

Administration officials promptly began canvassing chances on Capitol Hill for settlement through legislation.

But one highly placed Senator told a newsman it is doubtful now that President Kennedy's plan for submitting the strike-threatening dispute to the Interstate Commerce Commission can be passed.

Deadlock  
J. E. Wolfe, the railroads' chief negotiator, announced the deadlock on the railroad efforts to eliminate thousands of firemen's jobs. Emerging from a two-hour bargaining session with representatives of the firemen's and engineers unions, he said:

"As far as the firemen's issue is concerned we have reached a positive stalemate which indicates at this time that a negotiated agreement is hopeless."

Secretary of Labor W. Willard Wirtz who sat in on the talks said later that settlement efforts will continue, "but the prospects... by bargaining depend entirely on one side or the other making a new proposal."

Urged Both  
"I have urged both... to give the most serious consideration to any possibility of a change of position or approach which will permit private resolution of this dispute," Wirtz said.

No new meetings of the carrier and union representatives have been scheduled, but both have been asked to standby.

Wolfe told newsmen that Wirtz, Asst. Secretary of Labor James J. Reynolds and Francis O'Neill Jr. of the National Mediation Board, and the unions shared his "stalemate" view on the firemen's issue—a position promptly disputed by the unions.

On the other key issue—the make up of train crews—Wolfe said "there has been no definite statement of a stalemate, perhaps, but there may as well be."

Earlier he had said "none at all" when asked what progress had been made in the past few days of intensive bargaining, which the unions have indicated were going well.

After the talks Tuesday Wirtz and Lawrence F. O'Brien, special assistant to President Kennedy, met for 1½ hours in the office of Senate Democratic leader Mike Mansfield of Montana with Sens. Warren G. Magnuson, D-Wash., chairman of the commerce committee; John O. Pastore, D-R.I., second ranking Democrat on the committee; and Wayne Morse, D-Ore.

## Blast Kills At Least 32 In The Kalapahar Hills

Calcutta, India (AP)—An earthquake-like blast in a government-owned explosives dump in the Kalapahar hills of Assam State Tuesday killed at least 32 persons, police reported Wednesday.

The blast was near Gauhati, a Brahmaputra River port and rail city that served as a rear base for Indian troops and supplies and was itself menaced in the Red Chinese border penetrations last fall.

The explosion was so severe it rocked an area of about a square mile like an earthquake, an official said.

Intermittent explosions following the initial blast hampered rescue operations.

Gauhati police superintendent said he feared the death toll might rise much higher than the officially counted 32.

The fate of people in 4 tiny villages surrounding the dump was not known hours after the big blast.

## Retired Railroad Worker Turns To Do-It-Yourself

By JOHN LEE  
Outstate Nebraska Bureau

Osceola — Ed Almstrum probably has the most complete do-it-yourself shop in the area.

Machines and tools, many of which he made himself, completely fill his basement and back yard workshop.

The tools and his mechanical and carpentry ability are now the livelihood of the 70-year-old retired railroad worker.

Too Much For Him  
Almstrum explained that he worked on the Union Pacific Railroad for 34 years after he came to this country from Sweden in 1910, but it got to be too much for him.

"One time I worked 196 hours straight at 28 degrees below zero," he said.

He retired to his comfortable old home on the west edge of Osceola and now works at building and repairing all types of things for his neighbors.

"The public keeps me busy," he said. "I have to turn them down sometimes."

Miniature Engine  
Among the things he has built for his own use he lists: —a miniature, operating 4-cylinder internal combustion engine for which he machined all the parts down to the valves and crankshaft.

—a complete remodeling of the inside of his home including a staircase with solidly glued, one-piece banisters.

—a mahogany and cedar china cabinet for his wife which includes some wood from a private railroad car built for Abraham Lincoln, but which the President never got to use.

As a plumber he installed many of the bathrooms in town. As a plasterer he finished the inside of Osceola's American Legion building. As a bricklayer he built the walls of an automobile garage in town.

ALMSTRUM... with engine he built.

## —CREDIT FINANCE CRISIS—

## Time Sales Test Suit May Be Recommended

By DON WALTON  
Star Staff Writer

Omaha—The special legislative committee assigned to study Nebraska's credit finance crisis is expected to recommend to Gov. Frank Morrison Wednesday initiation of a test suit challenging the new installment sales act.

The 7-man unit will meet with the governor in Lincoln at 2:30 p.m. Chairman Michael Russillo of Omaha announced Tuesday.

Prior to that, the committee will hold a public hearing at the Statehouse, beginning at 10 a.m.

Hearings Concluded  
Two days of hearings in Omaha were concluded Tuesday.

day with a flood of testimony urging the committee not to consider new finance legislation until the State Supreme Court has enlarged upon its decision tossing out the 1959 installment sales act.

Pending before the high court are motions for rehearing in two installment sales cases upon which the court has acted.

Russillo told newsmen that he would like to see the governor direct the attorney general to immediately test LB811, the new act.

Any consideration of a special legislative session should await a decision on that matter, Russillo suggested.

Wednesday's Lincoln meeting will probably be the committee's final hearing, Russillo indicated.

### Won't 'Close Shop'

"But we're not going to close up shop," he pointed out. Instead, the committee is likely to ask the Legislative Council executive board to permit the special unit to "stay in operation" pending a final decision on the finance issue.

The committee was directed by the 1963 Legislature to study the entire spectrum of credit finance, then report within 30 days on the possible need for a special session.

Russillo said the committee is likely to submit its recommendations Wednesday.

The Omaha lawmaker noted that "one or two members of the committee may request the governor to order a test of all other lending laws."

Sen. Terry Carpenter of Scottsbluff, a committee member, has previously suggested such a course of action.

### Reduced Penalties

In testimony Tuesday, retailers requested legislation reducing the penalty provisions which have been applied to invalid contracts signed under the 1959 installment sales act.

The Supreme Court has applied penalties contained in the installment loan act allowing recovery of merchandise, principal, interest and charges.

"Thousands of retailers in this state will be bankrupt" if all contracts written under the law are void and uncollectible, George Wruck of Omaha told the lawmakers.

Wruck is general manager of the Associated Retailers of Omaha.

"I can't believe that the public will use this situation to get selfish economic aims," he declared.

Omaha attorney Robert L. Berry urged the Legislature to enact a bill which would apply the usury penalty—foreclosure of interest only—to those installment sales contracts written in good faith under the unconstitutional act.

### Prospectively

Charles Reed of Omaha, attorney for General Motors Acceptance Corp., noted that his motion for a rehearing before the high court urges that penalties be applied prospectively, that is only upon contracts voided after the court's action.

Wruck told lawmakers that the court has "not kicked out the time-sales concept," and Reed noted that "it still pays lip service to the concept in its opinions."

Fremont attorney William G. Line said the court "has not invalidated all installment sales contracts" with its decisions, and "the situation is not as acute as it has been made out to be."

However, Line urged the committee to "guard against" removing stiff penalties as applied to willful violators of the installment loan act.

### Test Urged

Jack Ducate of Dallas, Tex., general credit manager for the Southwest Division of Sears Roebuck and Co., said his company will urge the governor to test LB811.

M. J. Graham of Alliance, executive vice president of the Retail Merchants Association of Nebraska, suggested that a special session not be held until LB811 is tested and the motions for rehearing are considered.

In answer to questioning by Carpenter, Omaha attorney Robert A. Skochdopole said that it would be "very unfair to lump all interest laws under one umbrella."

Wayne Bornemeler of Omaha, managing director of the Nebraska Credit Union League, told Carpenter that credit unions "could live with" one general interest law and that he "is sure credit unions would not object to having their law tested in court."

## PRESIDENTIAL POOCH

Dave Powers, friend and advisor to President Kennedy, carries the new dog that Mr. and Mrs. John Barry, New Ross County, Wexford, Ireland, cousins of the President, sent to Mrs. Kennedy at the Otis Air Force Base, Mass., Hospital. The 9-week-old cocker spaniel is wrapped in a towel because of the heavy rain sweeping the base. No name has been given to the dog as yet.

## McNAMARA SAYS:

## U.S. Superiority Treaty Reason

Washington (AP)—Secretary of Defense Robert S. McNamara testified Tuesday that one reason Russia agreed to a limited nuclear test ban is that America's military superiority has increased in the past 4 years.

McNamara said the U.S. nuclear striking force, with "tens of thousands" of warheads, is substantially larger than the Soviets. Calling for Senate ratification of the test ban treaty signed by over 50 nations, he assured the senators that nothing in the pact will shift the power balance.

"Between now and 1966," he said, "it is estimated that our ballistic missile numerical superiority will increase both absolutely and relatively."

### Lid Lifted

The defense chief lifted the secrecy lid in an unusual degree in stating his case for ratification before a packed audience in the big Senate caucus room. As Secretary of State Dean Rusk did Monday, he testified under oath before the Senate foreign relations, armed services and atomic committees.

He told them that "by limiting Soviet testing to the underground environment, where testing is more difficult and more expensive and where the U.S. has substantially more experience, we can at least retard Soviet progress and prolong the duration of our technological superiority."

McNamara repeated several points stressed by Rusk, including emphasis that the treaty involves risks. But he said "the advantages outweigh the risks," adding that the risks "are either small or under our control."

### Not Shunted

As Rusk did, McNamara assured the senators that the view of military experts had not been shunted aside during negotiations leading to the treaty signing. Rusk had conceded that some members of the joint chiefs of staff had some reservations about the ban.

The committee will hear testimony from that group, including its chairman, Gen. Maxwell Taylor, whom McNamara said was on the "committee of principals" which handled the treaty negotiations.

Sen. John Stennis, D-Miss., questioned McNamara about what he called "the great concern" expressed by Dr. Edward Teller Monday that the treaty might hamper development of an antimissile system. Teller, a nuclear physicist often called father of the hydrogen bomb, testified in secret before the Senate preparedness committee headed by Stennis.

Possible  
McNamara said it is possible to carry out deployment and testing of the weapon without nuclear testing in the atmosphere because the factors now involved are not associated with the warhead.

# March Raises Money, Transportation Woes

Washington (AP)—Money and transport problems Tuesday plagued Negro leaders preparing for the big Aug. 28 march on Washington for freedom and jobs.

Although most of the estimated 100,000 to 250,000 Negroes and whites expected to come here are supposed to pay their fare—and bring box meals and jugs of water with them—"incidental" expenses are mounting.

Such items as printing costs for the pre-march literature are getting large. And the Rev. Walter Fautroy, Washington coordinator of the march, got a shock when he received an estimate of the cost of renting a public address system.

\$15,800  
To keep the throngs attuned to the proceedings as they gather at the Washington Monument and march to the Lincoln Memorial for the climactic exercises is going to take a lot of loudspeakers. The best bid Fautroy has been able to get so far is \$15,800.

Six Negro organizations are expected to foot much of the bill for such incidentals. They

raise their money mostly by dues, special contributions and bequests, and passing the hat at rallies. The dues of the National Association for the Advancement of Colored People, for example, start at \$2 for a simple one-year membership and range upward to \$500 for a life membership.

Nobody knows yet just how many civil rights rosters will come here, by train, bus, private auto. A. Phillip Randolph, president of the AFL-CIO Brotherhood of Sleeping Car Porters and one of the main pluggers for the march, estimated that 25,000 would be coming from New York alone.

Premature  
Reports spread that the Pennsylvania Railroad had run out of cars to assign to the New York-Washington run. Asked about this, a railroad official said it probably would turn out to be true, but that it was a little premature to say definitely. He said the railroad has received requests for at least 13 special trains, but that until it receives definite orders and cash on the barrelhead, the

exact requirements are up in the air.

Bus companies also were reported flooded with requests. Some of the demonstrators, however, were not depending on mechanical means of locomotion. The Brooklyn chapter of the Congress of Racial Equality announced that 20 of its members would make it on foot.

Limited Space  
One of the best vantage points to get a view of the march will be the top of the Washington Monument, although the space there is strictly limited.

Asked if he plans to close the monument to prevent early birds from struggling for choice "box seats" the morning of Aug. 28, T. Sifton Jett, head of the National Capital Region of the Park Service, recoiled at the idea. "We don't close it on July 4 when we get huge crowds," he remarked. "If there's a jam, we'll meet the problem as it arises."

## AFL-CIO Council Refuses To Endorse Protest March

Unity House, Pa. (AP)—The AFL-CIO Executive Council Tuesday refused to endorse the planned Aug. 28 civil rights march on Washington, but said in a statement it supported "completely the right of any American peacefully to protest for a redress of grievances."

The action created another split between George Meany, AFL-CIO president, and Walter Reuther, head of the United Auto Workers. Reuther criticized the council's statement.

The statement also drew criticism from A. Phillip Randolph, president of the Brotherhood of Sleeping Car Porters and the only Negro vice president in the AFL-CIO, who will lead the march.

At Odds Before  
Randolph and Meany were at odds a few years ago over job discrimination. At that time Meany was quoted as telling Randolph: "Who the hell appointed you the guardian of the Negroes?"

Meany told a news conference after a 3-hour closed meeting of the council that he had reservations as to whether the march would help enactment of civil rights legislation by Congress.

"We are not endorsing the march, and we are not condemning it," Meany said. He pointed out that the council statement said a number of AFL-CIO union affiliates have elected to join in the demon-

stration and that they have every right to do so.

"All Right"  
Meany said all 20 members present, except Reuther and Randolph, felt that the statement was "all right."

Reuther, who along with an estimated 2,000 members of his union, plans to participate in the march, said:

"I consider the Washington march a great moral protest. I believe the American labor movement should have been part of it along with church, civic and civil rights groups. This is a moral protest. I think the labor movement should be identified with that moral protest."

Randolph, who estimated more than 100,000 persons will take part in the march, said the council's one-page statement is a "masterpiece of noncommitment for or against the march—evidence of a lack of recognition of existing racial and social realities." He added:

Common People  
"The labor movement, which represents the common people, should identify itself with the struggle of the common people. The march on Washington is the struggle of the common people."

"The official statement said in part: 'The sponsors of this march—National Association for the Advancement of Colored People; Negro American Labor Council; National Urban League; Congress of Racial

Equality; Southern Christian Leadership Conference; Student Non-Violent Coordinating Committee—are organizations determined to overcome prejudice and discrimination. So are we.

"They are also determined to meet the problems of joblessness which to the Negro is twice as bad as it is to the rest of America. We share that goal."

"Action is vital to winning these battles, and one important type of action that is needed here and now is legislative action."

Support  
"We obviously support completely the right of any American peacefully to protest for the redress of grievance. This is a precious American right which the trade union movement has often used, and which we may often use in the future."

"A number of AFL-CIO affiliates have elected to join the Aug. 28 demonstration. As autonomous affiliates, under AFL-CIO policy, they have every right to do so. This is a matter for individual union determination. But the question here for the AFL-CIO Executive Council is simply stated:

"What role shall the AFL-CIO play in the civil rights struggle this summer?" "Our answer is to continue on the legislative front and our own two major efforts—at the grass roots level."

## British Police Find Hideout

... BUT GANG, \$7 MILLION NOT THERE

London (AP)—Police swooped Tuesday on a lonely farmhouse used as a hideout by the gang that stole more than 2.5 million pounds (\$7 million) in Britain's great mail train robbery.

The gang fled the hideout only a few days ago. They left behind stocks of canned foods, a truck, two army type vehicles and mailbags—all empty. There was no sign of the missing millions.

The search for the ringleader spread to the plush French Riviera.

"They got the breeze up (scared)," said Scotland Yard Deputy Commander George Hatherill.

He said indications were that the gang left the brick farmhouse with its blacked-out windows in the last 2 or 3 days. Detectives have concentrated their main search on the area within a 30 mile radius of the robbery spot on the Glasgow to London rail line. The lonely hideout was 18 miles away to the southeast as the crow flies.

Extra fingerprint and other experts moved into the hideout at Leatherslade Farm, Oakley, 20 miles northwest of the university city of Oxford. Police cordoned off the entire area, Hatherill said the search for clues might take 3 days.

The discovery came only

hours after reports that two men hired to drive getaway cars for the gang had squealed to police. They were said to have been hired at a flat rate for the job but decided to call police when they learned how much the gang had snatched.

Earlier Tuesday, the hunt

for "Mr. Big," the master mind behind the commando-style operation, spread to the French Riviera.

Police think "Mr. Big" might be on the bikini-crowded beaches of St. Tropez, Cannes or Menton. They believe he left Britain several days before the robbery in order to establish an alibi.

## Demonstrators Climb Poles In Mobile Classroom Protest

Chicago (AP)—Demonstrators climbed utility poles, stretched out in front of trucks and shouted "police brutality" Tuesday in an effort to block stationing of mobile school classrooms in a Negro neighborhood.

Some 30 policemen walked among the demonstrators, making arrests and asking the pickets to keep order. Police vehicles stood ready to haul away arrested demonstrators.

Nearly 100 pickets, both white and Negro, have been arrested during the two-day demonstration against the Chicago Board of Education's use of the mobile classrooms.

Segregation  
Demonstrators say the classrooms perpetuate de facto segregation in the city's schools. Integration leaders say Negro children and white children should share each school in Chicago.

Pickets grouped Monday at a South Side street corner, W. 73rd Street and Lowe Avenue, when workmen hauled

up a mobile classroom. Three such classrooms were set up Monday and two Tuesday.

A spokesman for the board of education told the Associated Press: "We plan to put 19 mobile classrooms on the site. The school board has approved them at this location and they'll stay there."

Came Down  
A man and woman climbed to the tops of utility poles during the morning. Both came down voluntarily after several hours. The poles will be used to support transformers to provide electricity to the mobile classrooms.

During the day—grey, with a light mist falling—the number of pickets varied from 30 to 50. One bore a placard reading, "the wagons are for burning, not for learning."

When a truck loaded with concrete pipe arrived at the school site, several pickets sprawled in front of the vehicle, forcing it to stop.

Hustled  
Police officers hustled the

supine demonstrators into vehicles and drove away. At least 10 persons were arrested in the truck incident, including an unidentified man who managed to crawl under the truck and two men who clambered atop the load of pipe. Cries of "police brutality" were raised when an unidentified woman fell to the ground near a police barricade. Pickets insisted police pushed her; policemen said she was upset when the crowd surged. The woman was taken to a hospital for a check-up.

The pole climbers were Wynn Yancey, 20, Negro, and Sibylle Bearskin, 18, an Indian who has participated in Chicago racial protests.

The climbers reached the top of the poles via workmen's ladders. Police said Yancey, who performed simple stunts for the crowd below, and Miss Bearskin were forced to desert their perches to seek restrooms.

## Rights Pickets Battle Cops

Elizabeth, N.J. (UPI)—Angry civil rights pickets and a squad of policemen clashed Tuesday in 3 free-swinging bare-knuckle brawls—twice at the construction site of a \$5 million courthouse annex and later at the site of a 15-story apartment building.

The street-fighting was the worst outbreak of violence in the 8-day old demonstration here against alleged job discrimination.

Mayor James Alloway said that if the situation got any worse he would order work on the project stopped.

The 75 pickets at the site of the Union County Courthouse annex project in Elizabeth outnumbered police two-to-one Tuesday.

The fighting broke out when pickets blocked a cement truck trying to get into the project. They refused to move when ordered to do so.

and a policeman and a young Negro boy exchanged heated words first, then punches.

The scuffle touched off a 10-minute screaming, shoving and punching melee. When order was restored, the truck tried to inch its way on into the project. Pickets streamed back and forth in front of it.

The police squad joined hands and moved toward the mob. Another fight broke out and lasted for 15 minutes.

Police arrested 29 persons, 22 of them teen-agers.

After the second fight at the courthouse, the pickets drove for the first time to the apartment building being

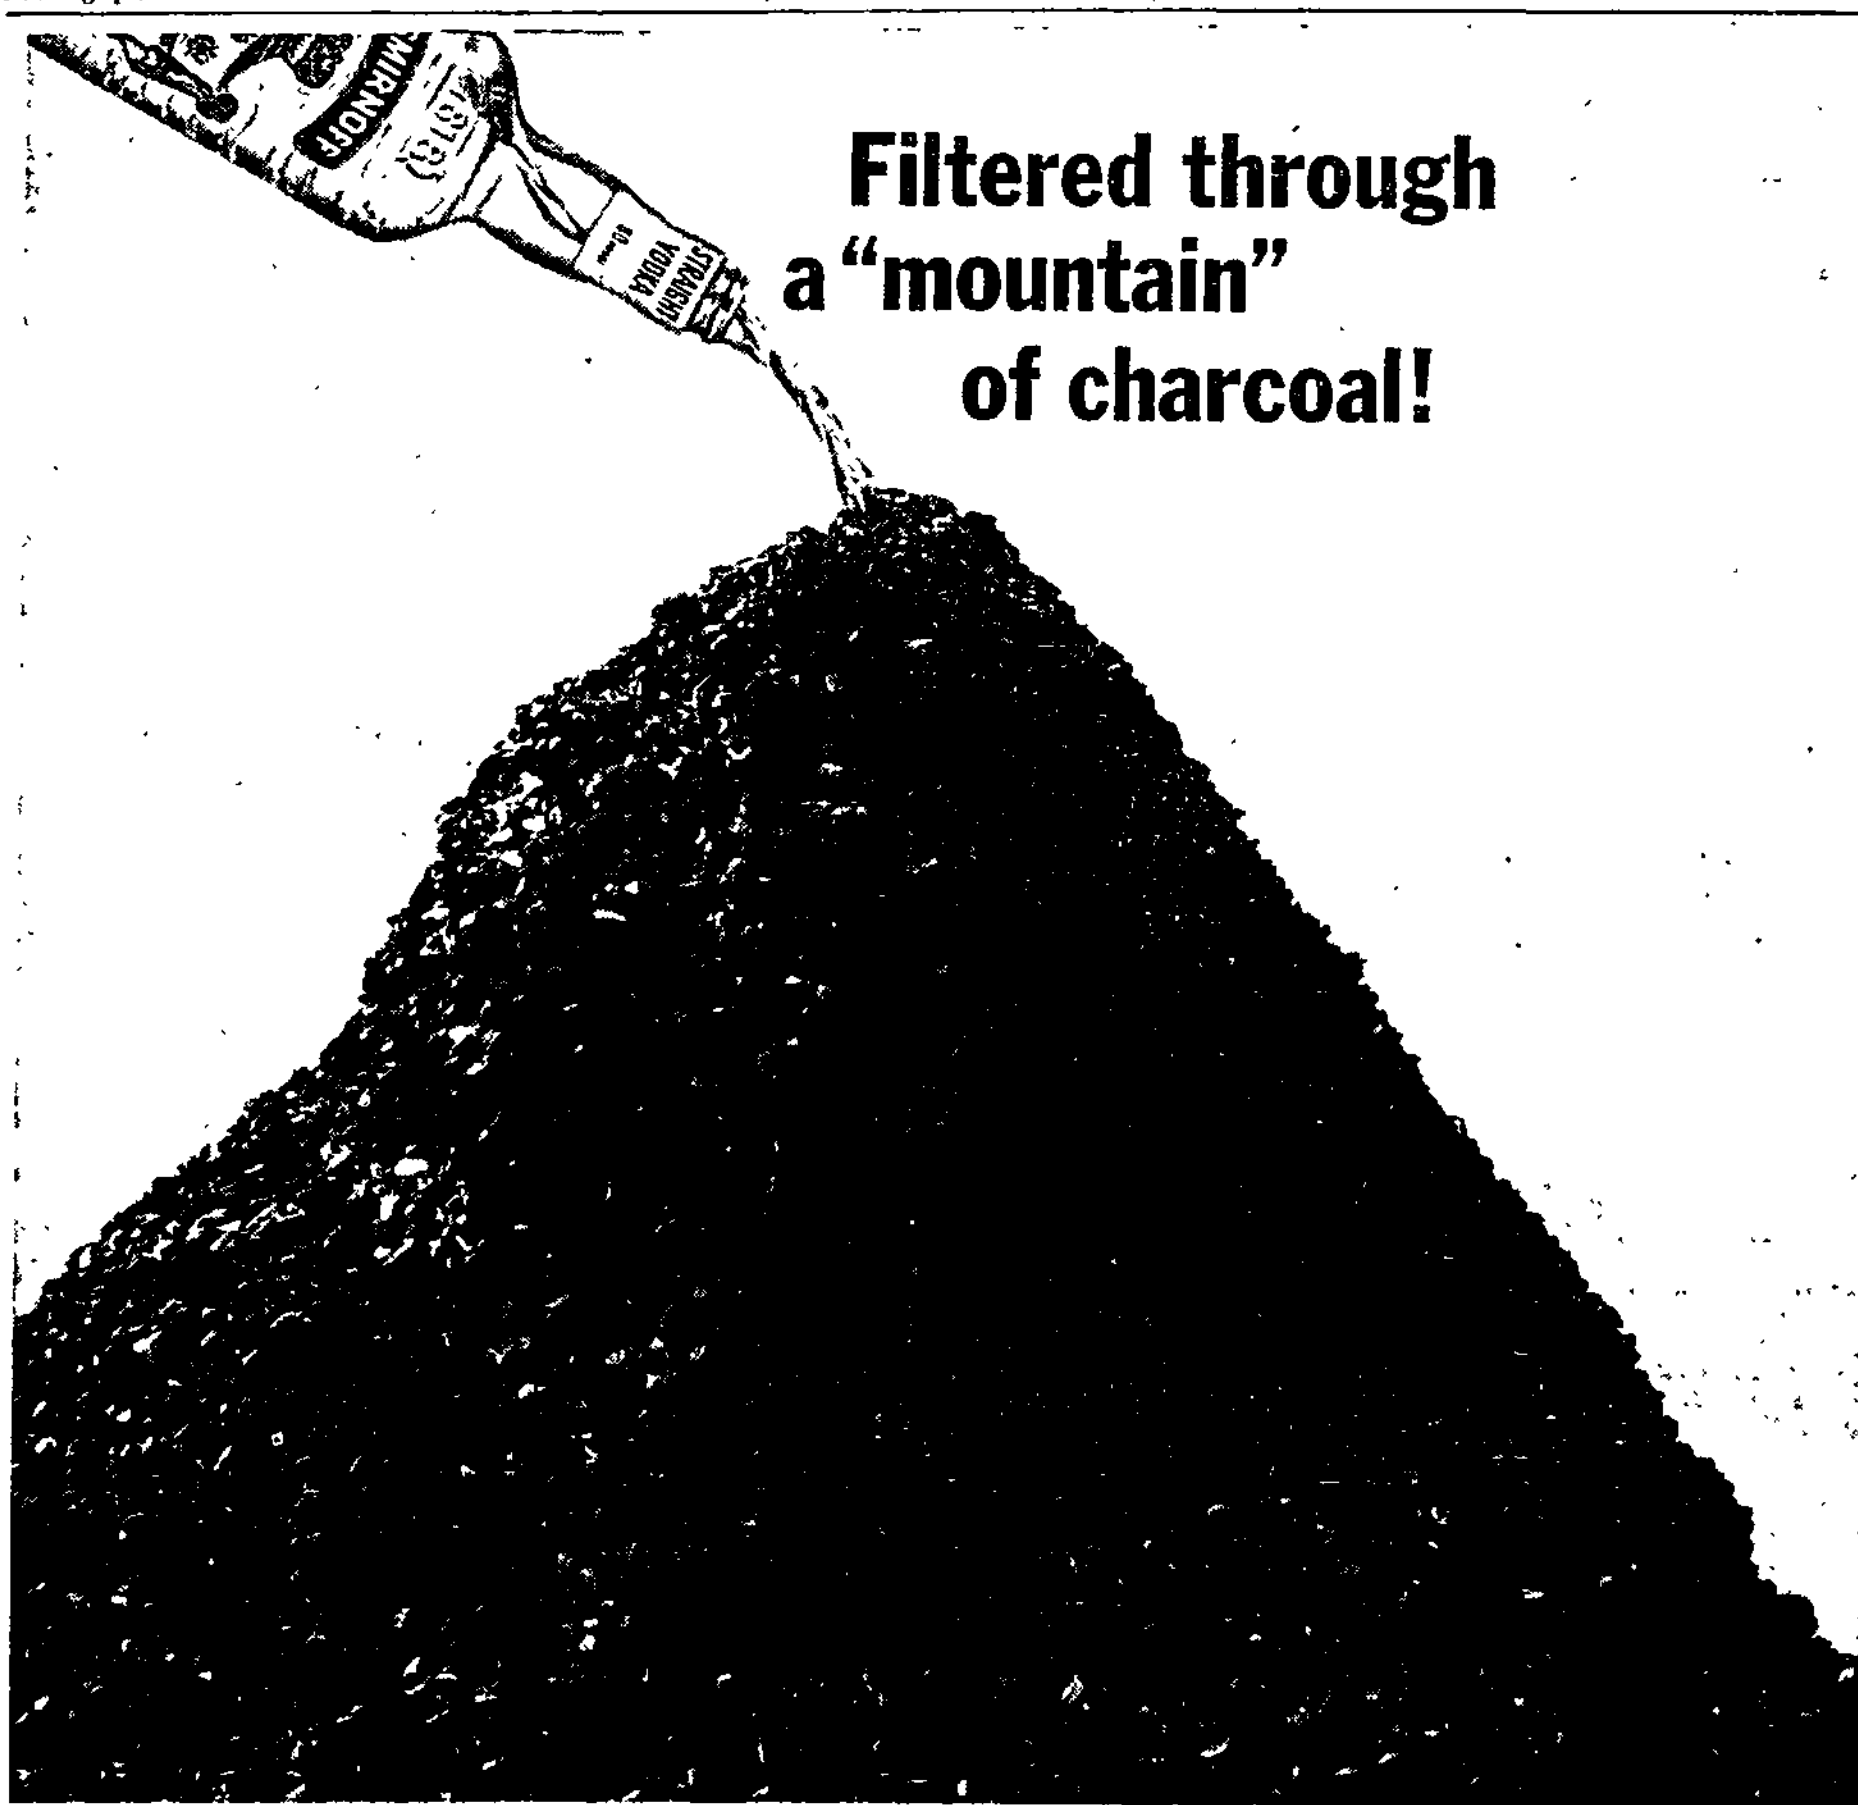

constructed partially with federal funds 4 miles away. The squad of police rushed there, too.

The fight at the apartment house broke out when a dump truck driven by a Negro tried to enter the project. The demonstrators berated him for working with what they called "Jim Crow unions."

Police moved in with black-jacks in their hands—although they apparently did not use them—when the pickets refused to let trucks through. Police arrested 17 demonstrators before order was restored.

POLE SITTERS . . . against mobile schools.

Aircraft Given  
Jakarta, Indonesia (AP)—The United States handed over 5 type to Indonesia's Air Academy in the outskirts of Jakarta training plane of Beechcraft 12.

Today, Smirnoff outsells every brand of scotch and gin

Every drop of Smirnoff is filtered and refined through 7 tons of activated charcoal. That's 14,000 lbs! Literally a "mountain" of charcoal. Far more charcoal filtration than other vodkas use. This "black magic" removes most of the congeners. No wonder Smirnoff is the world's finest liquor. Smirnoff has no

"bite." Smirnoff blends perfectly with the flavor of fruit juices or soft drinks. Smirnoff leaves you breathless!

Today breathless Smirnoff outsells every brand of scotch and gin. Try it yourself, on the rocks or in a Martini, and find out why.

It leaves you breathless! **Smirnoff**

## Only Foundation Left

Melun, France (UPI)—Smile Mazebrand decided to spend a few days at his summer place here. When he arrived, he found only the foundation of the house. Vandals had dismantled it.

# Three Cities Ordered To Ready Road Plans

Lincoln, Omaha, South Sioux City Involved

Neither Lincoln, Omaha nor South Sioux City should have any trouble complying with a Bureau of Roads order requiring urban areas of 50,000 population or more to prepare a comprehensive road plan for their areas by June 30, 1965 to remain eligible for federal road funds.

This is the opinion of State Department of Road officials who commented on the situation Tuesday.

Deputy Highway Engineer G. C. Strobel said that both Lincoln and Omaha now "have a real good plan" and their main job will be updating it by 1965.

Bruce Gillan, in charge of road planning for the Highway Department, explained that South Sioux City is involved because it is part of the Sioux City, Iowa, urban complex.

Gillan said South Sioux City officials "wouldn't be involved to a great extent because of the Missouri River barrier." He said they will only have to plan for access roads to the river bridge crossing into Iowa.

Gillan said the city's road planning "appears to be well in hand."

Gov. Frank Morrison said

he thinks the cities, counties, the state and federal government should cooperate in order to insure a "comprehensive well-planned flow of traffic through and around major cities."

In an area of similar interest, Strobel had stated earlier Tuesday that the State Highway Department is considering creation of an urban planning section which would be under the department's design division.

## Main Roadblock

"The proposal has been under consideration for about a year now," Strobel said, adding the main roadblock is finding a qualified person to head the section.

Primary purpose of the new section would be to lend planning assistance to Nebraska cities and towns having state highways built within their corporate limits.

Strobel said the Department of Roads presently is spending about \$60,000 per month on urban highway construction and improvement.

He also noted the 1963 Legislature passed a bill which directs the Highway Department to give some financial assistance to cities with a population of 5,000 or more. Strobel declined to say whether any applicants were being considered for the new post.

"The selection could come from within the department," he said. "That is if the proposal is adopted."

## Attorney Pleads Innocent To Swim In State Lakes

Fremont — A 71-year-old Fremont attorney has pleaded innocent to a charge of swimming in the State Lakes here where the State Game Commission has restricted such activity.

John L. Cutright entered his plea in Justice Court, then promised a thorough airing of his side of the story.

Further hearing is scheduled for Thursday.

Cutright claims that the state has no right to restrict his swimming in the State Lakes, and filed a motion with the court asking that the charge be quashed.

The Legislature, he contended, "may not delegate its lawmaking authority to a commission."

Dodge County Attorney Richard Kuhlman will argue that the commission rules and regulations are, in effect, laws, and that violation constitutes a crime.

Cutright, to test the rules, notified authorities in advance he would swim into the prohibited area. They were on hand to arrest him and to get pictures of his swim.

If convicted, he could face a fine of \$10 to \$150, and a jail sentence of up to 30 days. He said he would appeal any conviction.

## Juvenile Court Judges To Confer

Omaha — The executive committee of the Nebraska Juvenile Court Judges Association did not meet Tuesday afternoon.

Judge Seward Hart of Omaha, association president, explained that there had been "a misunderstanding" and notices of the meeting indicated it would be Wednesday.

The meeting, he added, would be at 3:30 p.m. Wednesday.

Judge Hart had indicated that the committee might issue a statement at the conclusion of the executive session, possibly on LB567, the new law which makes peace officers' records on juveniles secret.

## Glaze Selected

Plattsmouth — Edgar L. Glaze will succeed James Begley as commander of the Hugh J. Kearns American Legion Post 56 here. Other officers are Theodore E. Ohnoutka, first vice commander; Lyle Meisinger, second vice commander; and executive committee members Arthur Waga, E. O. Vroman, James Begley, Eugene Krings, Charles Thomason, Boyd Linder, Joe Zastner, Fred Lugsch, Merle D. Meisinger.

## Many Special Events Planned For Hay Days

Cozad — The annual Hay Days celebration, scheduled for Sept. 5-6, will feature a parade, dance, athletic contests, games and special events for pioneer residents.

Among special events will be a flower show, selection of a pioneer queen and king, an old-fashioned spelling bee, and the state irrigation tube setting contest.

## HOW 'BOUT THAT

A3c John West of Lincoln seems on the verge of losing his head over this F-86 L jet fighter. He's one of more than 600 Nebraska Air National Guardsmen attending summer camp in Lincoln.

## Farwell Unit Bid Opening Aug. 15

St. Paul — Bids will be opened here Aug. 15 for construction of the last section of canal and laterals for the Farwell irrigation unit.

A contract will be awarded and work will be under way yet this year on constructing 26 miles of canal and 62 miles

Shop Daily 9:30-5:30 Thursday 10-9

## Miss Steckelberg To Get Chadron College Award

Chadron — Chadron State College will present its 4th distinguished service award at the August 15 commencement program. The awards are given to people for outstanding service to education and the state of Nebraska.

The award will be given to Emma Steckelberg.

Miss Steckelberg first joined the faculty at Nebraska State Teachers College at Chadron in January of 1913 after teaching 3½ years at Fairbury High School. Chadron became her home for 40 years, until she retired in September, 1954.

Miss Steckelberg received her bachelor's degree from the University of Nebraska and after graduate study at the University of Colorado and the University of Chicago received her master's degree from the University of Nebraska.

At Chadron, Miss Steckelberg was professor of foreign languages and taught French, German, Latin, and Spanish. Miss Steckelberg now makes her home in Lincoln.

## Ak-Sar-Ben Provides Another Rescue Unit

Omaha (UPI)—The Knights of Ak-Sar-Ben presented a check for \$16,286 to the city of Omaha for the purchase of another rescue unit.

The 1964 model unit will be the 8th one given to the city by Ak-Sar-Ben. The civic organization has also given iron lungs and additional equipment for the units. The donations started in 1946.

Wednesday, Aug. 14, 1963 The Lincoln Star 3

## Lutheran Group Re-Elects Rev. Niermann President

Lincoln Star Special  
Seward — The Rev. H. W. Niermann of Cheyenne, Wyo., was re-elected president of the Southern Nebraska District of the Lutheran Church-Missouri Synod during the group's annual convention here. The district covers the southern portions of both Nebraska and Wyoming.

Rev. Niermann Rev. Nitz

This marks the second two-year term for the Rev. Mr. Niermann who was re-elected on the first ballot.

The Rev. Mr. Niermann has 3 sons in the ministry, two preparing for the ministry and a son-in-law in the ministry.

The Rev. Max E. Heinz of Kearney was elected first vice president of the district. During the past two years he has served as second vice president.

A resolution condemning racial prejudice, unrest and race riots was approved at Tuesday's session.

The resolution said racial unrest in this country has "rent" the "social, moral and political integrity of our nation."

The resolution further stated "that pastors and congregations be encouraged to speak out boldly and decisively for Christ on the moral evils of racism and racial discrimination."

The Rev. Arthur C. Nitz of San Francisco, 4th vice president of the Lutheran Church-Missouri Synod, told delegates that the church

must hold fast in these perilous times.

"We are living in the post Christian era and few people in the church seem to realize it," he said. "The influence of agnosticism in higher education has had a terrific impact on our young people. Meanwhile, many within the church are calling for business as usual."

"The remedy for the situation is to be found in taking a firm stand in our faith. For us there can be only one faith, the Christian faith. This faith must be confessed by word and life and with courage."

## Bluffs Man Slain; Police Hunt Killer

Council Bluffs — A city-wide search was launched late Tuesday night for 22-year-old Ronald Wayne Brewer of Council Bluffs after Brewer allegedly shot 22-year-old Larry Ray of the Bluffs to death.

Police said that Brewer and Ray had argued over a girl. Brewer went to the apartment at 736 Mynster where

Ray was and when denied admittance he fired several shots through the door, police said.

Ray then stepped out and was hit by Brewer's shots, according to reports.

2-Day Crime Sortie  
Brewer in December of 1958 staged a two-day crime sortie in Council Bluffs and Omaha that included robbing a Bluffs grocery store, theft of guns and a car in the Bluffs, kidnapping an Omaha woman he later released and finally holding Mr. and Mrs. Raymond Bauer of Omaha prisoner for 5 hours before being captured.

He was later sent to the Lincoln State Hospital from which he fled in December of 1961. He gave himself up to Omaha police 3 weeks later.

When Brewer was arrested after holding the Bauers prisoners, he was on his way to meet his mother and, he said, give himself up.

Bauer is president of the Bauer Chocolate Co. of Lincoln.

Held At Norfolk  
After he had given himself up following his flight from the Lincoln hospital, Brewer was held at the Norfolk State Hospital until he was tried in Omaha in January of 1963 on a burglary charge in connection with his two-day crime spree.

He was found innocent by a jury which said he was insane at the time of the incidents.

## Valachi Is Under Heavy Guard At N.J. Army Post

Ft. Monmouth, N.J. — Underworld informer Joseph Valachi is under heavy guard at this Army installation, an Army spokesman disclosed early Wednesday.

Valachi, a self-confessed former member of a nationwide crime syndicate, has been spilling secrets of the organized underworld to federal agents for more than a year.

His whereabouts had been a closely guarded secret. A government source said recently, "If we let him out on the street he'd be dead in half an hour."

The underworld reportedly has put a \$100,000 price on his head for talking.

Peter Hoffman, information officer at this Army communications center, confirmed that Valachi was here after the New York Daily News reported it in a copyrighted story.

## Omaha Soldier Killed In Crash

Kansas City — James L. Peters, 45, of Omaha, a soldier with 392nd Combat Support Group, was killed when his car smashed head-on with a tractor-trailer truck on U.S. 71 by-pass, police said.

The truck driver, who was not identified, escaped injury.

## Many Special Events Planned For Hay Days

Cozad — The annual Hay Days celebration, scheduled for Sept. 5-6, will feature a parade, dance, athletic contests, games and special events for pioneer residents.

Among special events will be a flower show, selection of a pioneer queen and king, an old-fashioned spelling bee, and the state irrigation tube setting contest.

## Captain Shot In Operation Against Reds

Saigon, South Viet Nam (UPI) — An American Army captain was shot and killed north of Saigon Tuesday while accompanying South Vietnamese troops in an operation against Communist guerrillas, a U.S. military spokesman said Wednesday.

The spokesman said the captain was shot in the head near the town of Quang Ngai, becoming the 25th American killed in a combat mission in South Viet Nam this year.

The officer's name and details of the mission he was on were not immediately available.

## Red Willow Has 2 Near Producers

McCook — Two near oil producing wells were reported Tuesday in Red Willow County.

The producers are the Clyde Emrich No. 1 in the Emrich extension area, and the Kilzer No. 2 in the Silver Creek Field.

Meanwhile, despite a show of oil, Pubco has plugged the Goodenberger No. 2-19F in Hitchcock County about two miles from the two-well Dry Creek Field.

Also reported were two failures in Red Willow County. They were Fitchner No. 1 near the Sleepy Hollow Field, and the Quadnor No. 1, to the south.

## St. Paul Crash Kills Nebraskan

St. Paul, Minn. (UPI) — Walter E. Miller, 61, South Sioux City, Neb., died here of injuries he received in a car-truck accident in north St. Paul Friday.

Miller was thrown from his automobile when it collided with an oil transport truck. The driver of the truck, Albert Halder, 47, St. Paul, escaped injury.

# Tennessee Senator Who Shook Hands From Coast To Coast Buried At Home

Madisonville, Tenn. (AP) — Estes Kefauver, the tall Tennessee senator who shook hands from coast to coast as a presidential hopeful, was buried Tuesday a few feet from his stately family home.

Under sometimes rainy skies, a mahogany casket bearing the body of the Madisonville boy who grew up to a notable place in Congress was lowered into earth near the graves of his parents.

Sitting by quietly at the simple service were his widow, Nancy, their 4 children and scores of public figures headed by Vice President Lyndon Johnson and U.N. Ambassador Adlai Stevenson.

Running Mate  
Kefauver was Stevenson's running mate on the Demo-

cratic ticket in the 1956 presidential election.

A light breeze crossed the rolling farm, fluttering banks of flowers sent from mourners across the nation who remembered the senator with the friendly grin and coonskin cap.

From the porch of the century-old home, two ministers read passages from the Bible and offered comforting remarks. There was no eulogy at the family's request.

Heart Attack  
Kefauver, 60, suffered a heart attack Thursday on the Senate floor where he won a name as a crusader against crime and monopolies. He died at Bethesda, Md., Naval Hospital Saturday.

"I will lift up mine eyes unto the hills, from whence cometh my help," read the

Rev. Dillard Mynatt, pastor of the First Baptist Church Kefauver joined when he was 11. The scripture was from Psalm 21.

Rows of folding chairs lining the lawn failed to accommodate the huge crowd at the service. A state trooper estimated the crowd in town at 5,000-10,000.

Appointee?  
At the front were Johnson, Stevenson, the Tennessee congressional delegation and state officials. Herbert S. (Hub) Walter, the man mentioned as a possible appointee to the unexpired term, also was present.

"Who are we to question if a life of 39 hours or 39 years is more complete or if 60 years is more full than 90?" said the Rev. McCoy Franklin, Presbyterian minister from Lenoir City, after reading the 23rd psalm.

As thunder rolled, the coffin was removed by an Air Force honor guard to graveside. Lightning flashed as the casket was lowered. And when the family turned from the grave, a heavy downpour began.

Humble Folks  
Kefauver was the son of Robert Cooke and Phredonia Estes Kefauver. His father was a farmer, merchant and major and his grandfather a Baptist preacher.

As a 6-3 youth, Kefauver told classmates at the University of Tennessee in 1920 he would "be president of the United States someday."

In almost reaching that goal he became a familiar figure to millions of Americans.

REV. DILLARD MYNATT PRAYS . . . Mrs. Kefauver, David, Diane and Gail, from right, listen.

# Americus, Georgia, Negroes Charge Police With Brutality

Americus, Ga. (AP)—Negro leaders said Tuesday night they have filed a complaint with the Justice Department charging police brutality during anti-segregation demonstrations.

The demonstrations resulted in 77 arrests over the weekend.

John Barnham, owner of a funeral home and treasurer of the Americus Integration Movement, said a list of alleged acts of brutality, particularly during Friday night demonstrations in this south Georgia city were filed with the office of Atty. Gen. Robert Kennedy.

Barnham said demonstrators were beaten with baseball bats and burned with "hot sticks"—electric prods—and that at least 6 required numerous stitches to close head wounds. He said at least two Negroes, one of them a mentally retarded youth, were beaten, although they had no connection with demonstrations.

Barnham charged that juveniles among those arrested are being housed under unsanitary conditions in an abandoned building and that "turnkey and board" charges have been greatly increased under a backdated city ordinance.

In Washington a Justice Department spokesman said the FBI had looked into the complaint but found no police conduct that would warrant federal action.

Demonstrations have been called off, Barnham said, until Saturday when a conference is scheduled with Mayor Griffin Walker. He said there will be a mass meeting Thursday night but that it will not be a demonstration.

Neither Mayor Walker nor Police Chief Ross Chambliss could be reached for comment.

The chief confirmed Saturday that 32 demonstrators had been jailed. Negroes said about 25 more were arrested Sunday afternoon during a protest march on the police department.

SECRETARY AT SCENE

Dr. H. B. Charnbury, left, Pennsylvania secretary of mines, waited with other recovery workers for emergency fans to clear deadly black damp gas from the mouth of Fellin Coal Company slope in Shepton, near Hazelton, Pa., where 3 miners were trapped in a rush of coal about 450 feet below ground Tuesday morning.

## Macon County Alabama Must Integrate Schools

Opelika, Ala. (AP)—Immediate desegregation of Macon County schools under the pupil placement law and a formal desegregation plan to go into effect by January, 1964, were ordered Tuesday by U.S. District Judge Frank M. Johnson Jr.

Johnson ordered the board to put Alabama's pupil placement law into effect at once and gave it until Dec. 12 to submit a formal desegregation plan.

Johnson ruled from the bench no a suit by parents of several Negro children after school officials indicated to the court their readiness to use the placement law as a means of desegregation.

School officials then asked for 4 months in which to prepare a desegregation plan and Johnson granted the request, saying that a supplemental ruling would come later.

At the same time, the judge denied any other relief to the plaintiffs for this school term.

Asst. State Atty. Gen. Gordon Madison, an attorney for the board, said application from Negro students to enter and to transfer to all-white schools are expected in time for the coming school term.

Attorneys for the parents included Mrs. Constance Baker Motley of the National Association for the Advancement of Colored People.

Johnson's order would effect public schools in cities as well as rural areas since they all come under the one school board. It would therefore apply to schools in Tuskegee, home of Alabama's famed Negro university, Tuskegee Institute.

Opelika, where the hearings were held, is not in Macon County.

## Goldy Fears Possible U.S. Defense Gap

Washington (UPI)—Sen. Barry Goldwater, R-Ariz., said Tuesday the limited nuclear test ban treaty may well be opening "a possible fatal gap" in U.S. defenses against enemy missile attack.

In a Senate speech, the GOP presidential frontrunner said that "if this treaty really means that we must abandon efforts to defend ourselves against attack by ICBM, then I would say that we have a clear challenge to the security of this nation."

Such a challenge, he added, "flatly refutes the President's claim that no segment of our national security will be sacrificed should we approve this treaty."

Goldwater took specific note of President Kennedy's Aug. 1 news conference in which he said that the problem of developing a defense against a missile may be beyond the technical feasibility of both the United States and the Soviet Union.

The President said that the difficulty in developing an anti-missile missile involves the questions of selecting the real ICBM from among decoys, and of targeting, more than it does the problem of developing a nuclear warhead that can blow up incoming rockets.

Goldwater said this news conference statement in effect "seemingly sentenced to death" the U.S. program to build an anti-missile defense. He added that there should be "iron clad assurance that anti-missile development will not be inhibited by the treaty or by the President's personal pessimism."

## Blast Fatal To Giltner Youth

Grand Island (AP)—James Burnworth, 21, of Giltner died in a Grand Island hospital after suffering injury when an ammonia tank blew up in his face.

Burnworth was employed by the Giltner Grain and Supply Co. He is survived by his wife, Patricia.

Funeral services will be Thursday in Giltner.

# Prisoners Freed; May Lead Revolt

Brazzaville, Congo Republic (AP) — Political prisoners freed Tuesday in the bloody storming of Brazzaville's city prison by striking workers were believed Wednesday to be forming a revolutionary regime.

The reported aim is to oust President Fulbert Youlou and take over the government of this former French-ruled Congo country.

Unofficial sources said power-seeking opposition leaders were riding the tide of labor's distaste for Youlou, a 46-year-old Roman Catholic priest once hailed as a black messiah.

The presidential palace was surrounded by Youlou government troops and armored vehicles.

There was no word on the whereabouts of Youlou. His gendarmes were searching the native quarter slums for the prisoners released when strikers defied police guns and grenades and opened the doors of the city prison.

The immediate aim of the strikers was to release labor leaders arrested Monday night. Firing into the slogan-shouting workers, police killed 5 and wounded a dozen.

The rampaging mob was estimated at 3,000. By Tuesday nightfall the rioters were reported dispersed.

Observers considered it too early to estimate what chance Youlou's opposition would have in its attempt to set up a new government. The identities of the opposition leaders were still secret.

During the violence Tuesday, strikers were reported to have seized the government radio station and smashed its equipment. The station made no mention of the incidents while it was operating. It went silent in mid-afternoon.

Later it was believed the opposition leaders were attempting to repair the equipment so the station could be used for their propaganda purposes.

The prison delivery followed a general strike called by labor unions. Whites were not bothered by raging crowds of workers who shouted slogans for higher wages.

## PRISONER MAY HAVE IDEA OF STEPPING OUT

Roanoke, Va. (AP) — An inmate of Utah State Prison may have visions of stepping out in style.

A Salem shoe company received an order from him for a pair of "your elegant cordovan slippers, size 10-E." The \$26 purchase also entitled the convict to a premium.

He selected a 6-piece screw driver set. The shoe company promptly filled the order.

## Wauneta Mishap Kills Coloradoan

Jerry L. Williams, 16, of Olathe, Colo., was killed Tuesday when he was struck by a truck backing from a parking place on Main Street in Wauneta, the Safety Patrol reported.

Patrol reports listed Howard W. Legg, 39, of Wauneta, as driver of the truck.

The death was the 191st in Nebraska traffic this year, compared to last year's 202 on the same date.

## BUTTING WITH WHITE WHALE

A playful bachelor beluga white whale butts the head of a skin-diving tankman at New York's Coney Island Aquarium Monday. The whale is one of two bachelor belugas in the aquarium that are normally a grumpy pair because of lack of mates

—the curator's search for mates was foiled when all he could find far-and-wide was a mated pair of belugas, which put up such a fuss that he brought both to join the bachelors in the 100,000 gallon tank.

## Berserk Union Head Kills Longshoreman

Brunswick, Ga. (AP) — One Negro longshoreman was killed and 3 others wounded Tuesday when their union president fired 10 rifle bullets into union members departing from a meeting, police said.

Chief Rex Deaver said the union president, Alfred Curry, 60, apparently went berserk after an argument over assignments made for working at the Brunswick state docks.

Deaver said Curry left the union hall, took a .22 caliber rifle from his car, and fired repeatedly into the members as they followed him from the hall.

The dead man was Stellman Simmons, 60. The 3 wounded

longshoremen were admitted to a Brunswick hospital where one was reported in serious condition. They were Frank Seriven, Allan Wilson and James Coakley.

## Katherine Field Granted Divorce

Reno, Nev. (UPI) — Katherine Woodruff Field was granted a divorce Tuesday from Marshall Field Jr. of the Chicago publishing family. The couple was married May 12, 1950, in Joliet, Ill. There are 3 children—Fredrick Woodruff, 11, Katherine Woodruff, 9, and Barbara Woodruff, 5. They were with their mother at Glenbrook Lodge at Lake Tahoe, where she established 6 weeks Nevada residence.

Washoe District Judge Grant Bowen granted the decree based on a charge of extreme mental cruelty, and approved a property and alimony agreement which was ordered sealed.

# First Lady Can Leave Hospital

Otis Air Force Base, Mass. (UPI) —President Kennedy flew here from Washington Tuesday night, to be greeted by the good news that his wife is well enough to leave the hospital Wednesday morning.

The chief executive brought with him from the White House a frisky new puppy as a gift for her and their children, Caroline and John Jr. Kennedy will come to the base hospital at 8:30 a.m. CST Wednesday, to pick up his wife, just one week after she gave birth to their third child, Patrick Bouvier Kennedy. The baby died less than two days later.

White House Press Secretary Pierre Salinger said Mrs. Kennedy has been displaying continued progress and is in excellent condition. She is strong enough to walk from her hospital suite.

A steady rain fell as the President arrived at the hos-

## Railmen Indicted

Boston (AP) — A federal grand jury Tuesday indicted two top officials of the Boston & Maine Railroad and its former president on charges they obtained some \$71,500 in personal profit from a railroad deal.

The criminal antitrust indictment charged the railroad officers obtained the profit through the non-competitive sale of 10 stainless steel railroad cars.

Named in the indictment were Daniel A. Benson, of Weston, Mass., president of the B & M; George F. Glacy of Brookline, Mass., vice president for finance; and Patrick B. McGinnis of New York, former B & M president.

Benson was a vice president when McGinnis was president. Also indicted was Henry Mersey of New Haven, Conn., president of the International Railway Equipment Co. of Boston.

Mersey's company and the railroad itself also were named in the indictment.

None of those named in the indictment could be reached for comment immediately. A spokesman for the railroad said he was unable to contact any of them.

50th & O

pital. It was still raining when he left at 5 p.m. CST, after spending almost an hour with his wife.

He was smiling as he left the hospital, with the little puppy nestled in the arms of Dave Powers, a presidential aide.

Drive  
Because of the weather, the President drove to Squaw Island, a trip of about 40 minutes by car, rather than taking a helicopter.

The President and his wife will leave the hospital at 11 a.m., drive to a nearby helicopter pad and fly the 22 miles to their Cape Cod summer home at Squaw Island. There the First Lady will continue her recuperation.

The Squaw Island home is called "Brambletyde" and faces directly on Nantucket Island. It is only a half mile from the Kennedy compound where other members of the President's family and his father have their homes.

Rented  
The comfortable, rambling gray shingled house was rented by the Kennedys for the summer from Louis Thun, a Reading, Pa., textile manufacturer.

The presidential family, including their two children, Caroline, 5½, and John Jr., 2½, has been staying there since late June. The President has been commuting on weekends. It was from Squaw Island that Mrs. Kennedy was rushed by helicopter to the hospital last Wednesday, only an hour before her son was born at 12:52 p.m.

She will leave the hospital just a week after the caesarean birth. It was two weeks after the birth of John Jr. in November, 1960, before Mrs. Kennedy left Georgetown University Hospital in Washington, where her first son was born when Kennedy was President-elect.

On Leaving  
At that time, contemplating the duties that awaited her as new First Lady, her doctor, John W. Walsh, who attends her now, suggested a 6 month period in which she would engage in only those White House activities which were considered vital. A similar suggestion may be made now, but White House sources said something on the period of recuperation would be announced when she leaves the hospital.

JACQUELINE KENNEDY

## Boy, 7, Drowns In Dakota County Irrigation Ditch

South Sioux City (AP)—Richard John Red Owl, 7, of South Sioux City, drowned in an irrigation ditch Tuesday. The boy, son of Mr. and Mrs. Isaac Red Owl, was the fifth drowning victim of the year in Dakota County.

Richard, with his brothers, Gary, 8, and Rodney, 9, and Terry Reed, 12, and Raymond Ross, 12, were walking along the ditch when he, Gary and Rodney slipped into the water. Raymond ran for help and when it arrived Gary and Rodney had managed to get back up the bank, but Richard had gone under.

### Can Get Time Off

New York (UPI) — Mayor Robert F. Wagner said city employees will be allowed time off, if they wish, to join the Aug. 28 civil rights march in Washington.

## Micrometeorites Threat In Space

Blacksburg, Va. — (AP) — If an astronaut walked about the surface of the moon for a week, every square inch of his space suit would be bombarded by more than a million tiny fast-moving micrometeorites.

A suit only four-hundredths of an inch thick would protect him for that period. But the visor of his helmet would be so pitted he probably would not be able to see through it.

Eventually, the suit itself would erode under the sandblasting effect of the miniature, nearly invisible space particles.

Thus, spacemen planning long-term explorations of the moon will require protective shelters, which also must be fortified to withstand the wearing away effect of micrometeorites, radiation and the hot and cold temperature extremes of lunar days and night.

The micrometeorite hazard was outlined at a space conference here Tuesday by Gerald S. Hawkins, director of the Boston College Observatory, research associate at Harvard College Observatory,

and an astronomer of the Smithsonian Astrophysical Observatory.

Meteors, meteorites and micrometeorites fly at the moon at the same rate they do the earth. Hawkins reported, but because of the low density of the lunar atmosphere, "there is naked exposure to them on the moon."

Meteors burn up in the earth's atmosphere and meteorites and micrometeorites are stopped or slowed down. With less speed they lose their harmful qualities.

Meteors normally are large objects resulting from the break up of comets. Meteorites, which are metallic or stonylike, range from very tiny to the size of a small rock and are believed created by the collision of asteroids in space. Many have been found on earth. Micrometeorites are by far the most numerous, Hawkins reported. He described them as space dust, a mixture of solid fragments and fluffy objects, some with the consistency of a cigar ash.

Hawkins said that if the United States Apollo moonship collided with a one-ton

meteor in space, there would be no chance of survival by the 3 pilots. But he said that on a 10-day round trip to the moon, the chances of such a collision are only one in 100 billion because of the small number of meteors.

## Hearing Set On Air Route To Columbus

The Civil Aeronautics Board will hear oral arguments on air service for Columbus on Wednesday, Sept. 18 in Washington, State Aeronautics Director James Sandstedt disclosed Tuesday.

Sandstedt said he is hopeful Frontier Airlines will come up with a concrete proposal for serving Columbus by then.

Sandstedt said he will attend the hearing along with representatives of the city and Frontier.

Columbus was placed on a northern Nebraska route by the CAB several years ago, but the segment was discontinued in 1961 by Frontier before Columbus had its airfield ready to receive service.

The route was disbanded because other cities on it failed to provide the minimum 5 passengers a day required by the board for continued service under its "use it or lose it" criteria.

The board at the time said Columbus should be provided with some alternate service because it had never been given a chance to sustain flights in the past.

The problem now is how to provide this service.

Hopes For Unity  
Sandstedt said he hopes Frontier will propose a plan so there will be unity at the hearing.

Cities on Frontier's strong central Nebraska route are opposed to including Columbus on that segment for fear of weakening it because of Columbus' location.

The cities on the central route are Omaha, Lincoln, Grand Island, North Platte, Scottsbluff and Denver, Colo.

Columbus is northwest of Lincoln and northeast of Grand Island and its inclusion would require a dogleg to an otherwise relatively straight route across the center of the state.

But Sandstedt is trying to sell Frontier president Lewis

Dymond on the idea of including Columbus on any additional flights for the central route which may be necessitated by increased loadings. Sandstedt suggested some cities on the central route might be bypassed on the flights which went through Columbus.

Sandstedt said he believes North Central Airlines is out of the picture as far as serving Columbus goes. It has a route which goes from Norfolk to Omaha and Sandstedt pointed out this would not give Columbus residents an air outlet to the west.

The aeronautics director also said that shuttle service has not generally proven satisfactory. The possibility of a shuttle to Omaha has been raised.

Sandstedt said its up to Frontier to decide how it wants to serve Columbus. The aeronautics director said "we can't jeopardize other service to serve Columbus" but that additional flights might be the answer.

### Third Rehearing Request Involving Time Sales Filed

A third request for a rehearing of a case involving a time sales contract executed in Nebraska was filed with the State Supreme Court Tuesday.

Attorneys for Mary Alice Rader asked the court to reconsider its July 26 decision that a third party who takes over a conditional sales contract from another party is not entitled to protection under the state's usury law.

Earlier, an Omaha car dealer and the General Motors Acceptance Corp. filed requests for rehearings in separate cases involving the state's finance law, presently under study by a special legislative committee.

In the Rader case, the high court overruled a Lancaster County District Court decision involving the purchase of a house trailer by Mary Rader from Burnett's Trailer Sales of Lincoln.

The court said that because Mary Rader was not the original purchaser of the trailer, she could not contend her contract was void.

## To Be Autumn Bride

Mr. and Mrs. Ray C. Hilger of Columbus this morning are announcing the engagement and approaching marriage of their daughter, Janet, to Sgt. James C. Hurley, son of Mrs. John Dick of Lincoln.

The wedding will be an event of autumn. The bride-elect resides in Lincoln where she is employed, and Sgt. Hurley is stationed with the Army at Ft. Lewis, Wash.

## Candlelight Service

At a candlelight ceremony solemnized Sunday evening, July 28, in the chapel of Rees Hall at Union College, Miss Linda Lou Bollinger, daughter of Mr. and Mrs. Adolph Bollinger, became the bride of Richard Lee Griffin, son of Mr. and Mrs. Hugh S. Griffin of Coffeyville, Kan. The lines of the 6:30 o'clock service were read by the Rev. Harold Hampton of Phillipsburg, Kan.

Wearing frocks of taffeta and chiffon in pastel tones were Miss Cheryl Binder of Loveland, Colo., the maid of honor, and the bridesmaids, Miss Clariene Brenneise, Leola, S.D., and Miss Marilyn Sauer, Grover, Colo. Wellington Clark Engell of

Pittsburg, Kan., served as best man, and the ushers were Fred Thompson, Ashland; Billy Bixler, Carter Nine, Okla.; Gerald D. Peterson and John Howell. The bride appeared in a gown of white Chantilly lace. Iridescent sequins patterned the lace of the long-sleeved bodice to highlight the sabbina neckline, and the wide skirt of lace and tulle tiers was completed by chapel train.

The couple will reside at 3905 So. 48th. The bride is a former student at Union College, and Mr. Griffin, who attended Coffeyville, Kan., Junior College and Union College, is a student at the University of Nebraska College of Engineering.

## Dear Abby

## News And Parakeets--And Their Owners

Abigail Van Buren

DEAR ABBY: You had a letter in your column recently from a woman who thought that the practice of parakeets flying over the dinner table at mealtime was unsanitary. And you agreed with her! Abby, I thought you were supposed to be a pretty hep gal. Haven't you ever heard of Parakeet Diapers? They are made of washable jersey and come in three sizes. Small, medium and large. They will not hamper birds in flight and are designed with a comfortable halter neck so the birds can't lose them. This is no gag, and I don't sell them. But I've bought them.

FRED IN ALBANY  
DEAR FRED: Now I've heard everything! I don't sell

them either, but I'll bet a lot of readers would like to know who does.

DEAR ABBY: This may not seem very important to you, but I want to know how to follow through on something that has bothered me for a long time. I am considering a good-looking young man, but my ears stand out, away from my head, to a very noticeable degree. I have read that some movie actors have been operated on to have this defect corrected. Is it dangerous? Is it expensive? And where can I get an operation of this kind?

DUMBO  
DEAR DUMBO: Surgery is always "dangerous" unless performed by an expert. I

don't know how "expensive" it is, but you can get all the information you want by asking your family doctor to refer you to a plastic surgeon.

DEAR ABBY: My husband has always been quite well-to-do. Our daughter wanted to marry a 27-year-old man of whom we did not approve. She was too young to marry without our consent, and we forbade her to do so. The day she became of age they went to City Hall and were married. We told her we never wanted to see her again. We got our wish. It has been nine years since we have seen her. And we have never seen our two grandchildren. We never realized that in making such a threat we would be the ones to pay. Please print

this for parents who might be tempted to keep apart two people who really love each other.

SORRY  
DEAR SORRY: Are you saying that parents should set aside their better judgment when an under-age daughter announces she wants to marry? True, you shouldn't have said you never wanted to see her again. THAT was your mistake, NOT forbidding your daughter to marry a man of whom you disapproved. Quit punishing yourself. Make an effort to see your daughter. One of these days she'll realize that she is being foolish, too.

## Honored

The approaching marriage of Miss Charlene Ann Welsh, daughter of Mr. and Mrs. Lawrence M. Welsh, to LeRoy C. McCoy, son of Mrs. Lloyd McCoy and the late Mr. McCoy, is the incentive for a series of prenuptial courtesies honoring the soon-to-be bride.

Miss Welsh, who has chosen Saturday, Aug. 24, as the date for her wedding, was the guest of honor on Saturday afternoon when Mrs. Herbert M. Casey entertained at a luncheon at her home. The after-luncheon hours were spent informally, and a bathroom shower was presented to Miss Welsh.

The bride-elect and her fiancé shared honors on Sunday morning at a breakfast for which Mrs. Sam Frost was hostess at her home. A one-gift shower was presented to the honored couple.

Also honoring Miss Welsh was the miscellaneous shower on Monday given by Mrs. Howard Wilbur, Mrs. Lyle Jacobs and Mrs. Wayne Pine at the home of Mrs. Wilbur, and a gadget shower on Tuesday evening for which Mrs. Leah Greenwalt and Mrs. Howard Stroup were hostesses at the home of Mrs. Greenwalt.

## Chapel Ceremony

The marriage of Barbara Ford Warren of Lincoln, daughter of Mr. and Mrs. Warren Ford of San Bernardino, Calif., to Earl LeRoy Grothe, son of the late Mr. and Mrs. LeRoy Grothe of Tekamah, was solemnized Friday evening, Aug. 9, in the chapel of the First Presbyterian Church. Dr. Glover A. Leitch read the lines of the 7 o'clock service in the presence of a small group of friends and members of the family including the bride's parents.

The matron of honor and bride's only attendant was Mrs. Jerome Zajicek of Los Alamos, N.M., who wore a full-skirted frock of ice pink peau de soie in the daytime length.

Harlan McKim of Gothenburg served as best man, and seating the guests were Robert Breckenridge of Tekamah, and Irvin Deshayes. The bride chose for her wedding a gown of ice blue

peau de soie in the after-five length. Applique of Alencon lace framed the rounded neckline and overlaid the short-sleeved basque, which was draped with silk in the Empire mode, and the lace was repeated in wide banding at the hem of the flaring skirt. Her shoulder veil of illusion was held by a cap of silk and pearls.

Mr. and Mrs. Grothe will make their home at 3101 South St. A graduate of the University of California at Berkeley, the bride received her Masters Degree at the University of Nebraska, where she also received her doctorate earlier this month. A member of Alpha Gamma Theta, Mrs. Grothe will be an assistant professor of elementary education at the University of Nebraska. Also a graduate of the university, the bridegroom is a member of Alpha Tau Omega.

It is not just an every day happening when one goes east to compete nationally for the title of 'Miss High School'—It is something special.

the contestant from Lincoln, was given a 'goodbye and good luck' party on Tuesday when Miss Karen Lind entertained at luncheon at her home.

In the picture, left to

right, are Miss Leslie Childs, Miss Marilyn Breslow, Miss Barbara Eager, Miss Kathy Dworak, Miss Shari Wieman, Miss Lois Wondra, Miss Lind, Miss Donna Wieman.

# Vacations, Parties, Guests In Suburbia

## COTNER TERRACE

Those late summer showers have arrived in Lincoln and have brought with them an array of summer guests and social events—especially in Cotner Terrace where everyone seems to be taking advantage of the cooler evenings to entertain their out-of-town visitors.

The younger generation is

not taking a back seat when it comes to social events however, and we learned of a number of very proud parents and boys in the Cotner Terrace area this week.

There was plenty of excitement and enthusiasm last Saturday evening when the members of the Little League team No. 5, were entertained at a picnic given by the members of their families.

The picnic, which was held at Bethany Park, was to honor the boys and their coach, Ken Green, for their 13 undefeated games this season.

Each of the members and their coach received a trophy for their victories.

Leaving Saturday morning for Alexandria, Minn., will be Mr. and Mrs. Lowell Heiliger and Mark and Lee Ann, who will be spending a week of their vacation swimming, boating and water skiing.

The Heiliger family will be accompanied on their vacation by Mr. and Mrs. Harry Wendland and their children, Bob and John, and will be joined by Mr. and Mrs. S. W. Benedict and daughters of Chicago, Ill., former Lincoln residents.

Recent guests at the home of Mr. and Mrs. Don Hubbard have been Mr. Hub-

bard's nephew and niece and their families, Mr. and Mrs. Wes Trauble, and Mrs. Mel Beyer and her daughter, Melody, of Houston, Tex.

The out-of-town guests were visiting with the Hubbard family and with their parents, Mr. and Mrs. John Trauble of Beatrice.

This Saturday Mr. and Mrs. Hubbard will be motoring to Beatrice where they will be the weekend guests of Mr. Hubbard's brother-in-law, and sister, Mr. and Mrs. John Trauble.

California visitors at the home of Mr. and Mrs. Jerry Rittenberg and their children, Janell, Terri, Lora, Kevin and Karen, last week were Mr. Rittenberg's brother-in-law and sister and family, Mr. and Mrs. Kenneth Martensen, Linda, Julie and Scott, of Long Beach.

While in Lincoln, the Martensens were the houseguests of Mrs. Martensen's parents, Mr. and Mrs. Nelson Rittenberg.

The guests, who had been visiting here for more than a week, started their journey homeward last Sunday.

Celebrating their third wedding anniversary last weekend were Cotner Terrace residents, Mr. and Mrs. Donald McKinney.

Their guests for dinner at the Legion Club celebrating the event were Mr. and Mrs. David Ross and Mr. and Mrs. Ron Bolsky.

## NORTHEAST HEIGHTS

Leaving Monday for their home in Attica, Kan., were Mr. and Mrs. Kenneth Hull and their children, Christina and Kenny, who have been

the guests of Mr. and Mrs. Loren Wilson.

The out-of-town visitors had been in the Lincoln area since last Thursday.

## SKYLINE TERRACE

Motoring to Fairbury last weekend were Mr. and Mrs. Eugene Kreuzberg and their sons, Bruce and Brian.

In Fairbury, the Kreuzbergs were the guests of Mrs. Kreuzberg's parents, Mr. and Mrs. T. C. Smith.

## KIMBERLY HEIGHTS

Entertaining a guest from Omaha last weekend was Miss Donna Jean Frey who had as her visitor Miss Charlotte Pruden.

Charlotte, who arrived at the Frey household on Friday evening, returned to Omaha Sunday night.

## August Bride-Elect Honored

A late summer bride-elect was the guest of honor on Monday evening when Miss Anne Christensen of Lincoln, and Mrs. Earl Christensen of Grand Island, entertained at a shower in pre-nuptial courtesy to Miss Jerri Ann Ol-

son, whose marriage to LeRoy Poppe will be an event of Aug. 23.

Thirty guests, including feminine members of the family, were invited to the party, which was held in the parlors of Our Saviour's Lutheran Church.

From the left are Miss Tina Christensen, Miss Nancy Severn, Miss Lyn Harvey, Miss Olson (the honoree), Miss Kathy Christensen, and the bride-elect's grandmothers, Mrs. Anna E. Olson and Mrs. Olga Christensen.

The bidding:  
East Pass 1 ♣ South 3 ♥ West 4 ♣ North 5 ♣

Opening lead — king of hearts.

The outcome of many deals depends entirely upon how the defenders' cards are divided. Since the declarer is unaware at the start of the hand of the actual distribution, what he tries to do is play his cards in such a way

that he caters to not only the expected but also the unexpected distribution.

Take this hand, for example. West leads a heart which South ruffs. Declarer sees that if the diamonds are divided 3-2, and West was dealt the king or queen of spades, he will make the contract.

There is normally about a 2 to 1 expectancy that the diamonds are divided 3-2, and about a 3-1 expectancy that West has a spade honor which can be trapped by taking two spade finesses.

However, these are probabilities only, and South should not rely on them exclusively. He should prepare instead for the possibility of a bad diamond break and a bad spade break.

This he does by entering dummy with a club at trick two and ruffing a heart, and then playing another club and ruffing the jack of hearts.

Having found the clubs di-

vided 2-2, South now leads the ace of diamonds on which West plays the queen. There is a good chance that this is a singleton, so South plays a low diamond towards dummy to guard against a 4-1 break.

This precaution pays off when West shows out and East wins the eight with the ten. East can do no better than return a diamond which South, of course, finesses.

By this time the contract has become a certainty regardless of how the spades are divided. South cashes the fourth diamond and then leads a spade to the ten. East wins with the queen, but then, having only spades left, must lead one to the A-J. As a result, declarer makes the contract, losing only a spade and a diamond.

Note that if South neglects to ruff out dummy's hearts, or fails to make the safety play in diamonds, he is defeated.

## Advisory Panel Favors Pay Boosts For Public Servants

Washington (AP)—A presidential advisory panel recommended Tuesday that the \$25,000 annual salaries of cabinet members be doubled and that pay of Congress members be raised from \$22,500 to \$35,000.

The group, headed by Clarence B. Randall, former Inland Steel Company board chairman, also suggested Congress raise from \$35,000 to \$60,000 pay for Supreme Court justices, the vice president and speaker of the house.

In a report to President Kennedy, the 12-man panel followed many of the recommendations made by the National Civil Service League last April. The report stemmed from a request by Kennedy to the Budget Bureau and the Civil Service Commission.

It said the salaries of top

government appointees should be well above that of the highest paid government career employees, however, the group said salaries of top appointees "need not, and cannot, be fixed meaningfully at rates comparable with the higher ranges of executive compensation in business and industry."

The report said it is difficult, if not impossible, to find private positions comparable to high government offices.

In a survey of the top executives of 1,157 corporations, the report said, median salaries in 7 categories ranged from \$53,000 for life insurance companies to \$91,000 for manufacturing firms.

The panel suggested that legislation on the proposed pay rates be made effective next January. The added expense to the government would not exceed \$20 million

a year, it said.

In addition to the pay raises, the group recommended increased fringe benefits. The allowances of the speaker and the vice president would be increased from \$10,000 to \$15,000.

The chief justice would continue to receive an extra \$500 as at present.

A congressman or senator would be permitted to deduct \$5,000 of his salary from his income tax. The panel said this would offset living expenses.

There also was a recommendation that Congress increase "very substantially" the number of government-paid trips allowed Congress members each year.

Presidential appointees would be reimbursed for the cost of moving to Washington, and back to their homes after their term of service ended. After they left government service, appointees would receive "separation pay" at the rate of one month's pay for each year of service but with a ceiling of 3 months salary. They also would receive \$50 per day for official travel.

The group recommended salaries of \$40,000 and \$35,000 for undersecretaries and assistant secretaries. However, the deputy secretary of defense and undersecretary of state would be placed at the \$45,000 level.

A salary of \$33,000 was set for administrative assistant secretaries, chief of major bureaus and high level staff members. The heads and board members of small agencies would receive \$30,000.

The panel included a retired supreme court justice Stanley F. Reed, AFL-CIO President George Meany, General of the Army Omar Bradley and two men who held high cabinet positions in the Eisenhower administration—Marion B. Folsom and Robert A. Lovett.

The group recommended that salaries of U.S. District Court judges be raised from \$22,500 to \$35,000, and that appeals court judges salaries be increased from \$25,500 to \$45,000.

## Cuba Hit By Cattle Sickness

New York (UPI)—Rinderpest, the dread cattle plague, has appeared in Cuba, it was learned here Tuesday. The disease is endemic in the Soviet Union.

The disclosure was made in the Aug. 1 Federal Register, a U.S. Government Printing Office publication. It noted that Cuba has been put on the list of countries having rinderpest.

The appearance of rinderpest—an acute, highly infectious febrile disease of cattle—in Cuba represents the first outbreak in the Western Hemisphere in more than 40 years.

The only prior outbreak on the American continent was in Brazil in 1921 and followed the import of Cebu cattle from India. It was eradicated in Brazil through slaughter and rigorous quarantine measures.

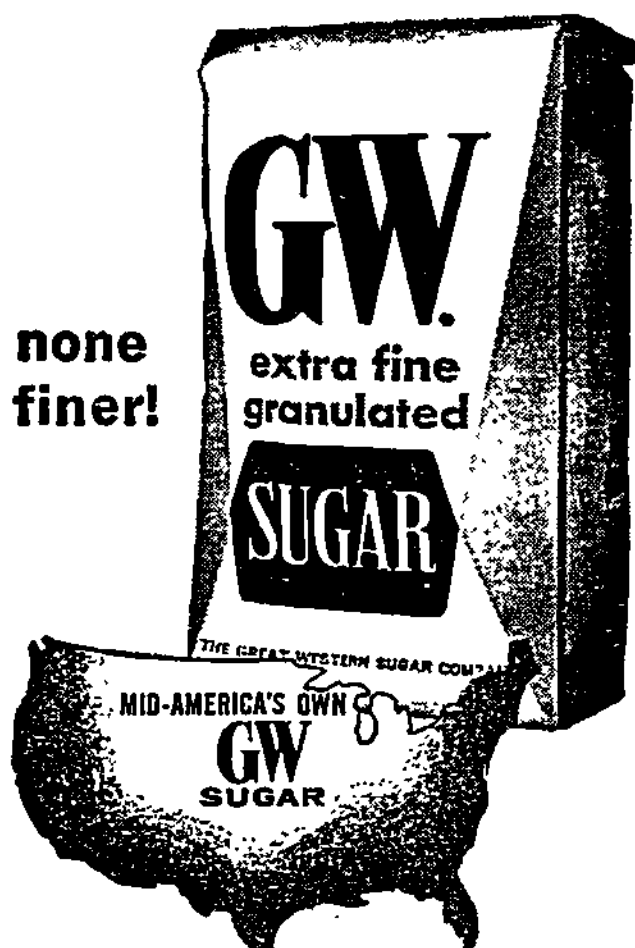

The outbreak in Cuba is expected to cause those American nations which still trade with the island to review their positions, especially Uruguay. The disease is highly contagious and easily disseminated, Uruguay is a big cattle country.

Other American nations which trade with Cuba include Mexico, Brazil and Chile and, to some extent, British Guiana.

Mortality in cattle from rinderpest ranges from 90 to 100% depending on the susceptibility of the animal and the virulence of the virus strain. Cattle which recover from rinderpest although immune to further attack continue active bearers of the disease.

Rinderpest has been endemic in the Soviet Union since the end of World War I and is estimated to have killed more than 6 million head of cattle in that country in the 4-year period between 1917 and 1921, alone.

In addition to the Soviet and some of its satellites, rinderpest is endemic in Asia and some regions of Africa. Western Europe and the North American continent have been traditionally free of the plague.

GW PURE SUGAR is grown, refined, packaged, distributed, sold and consumed in mid-America by Americans.

## 562 Register In City Tuesday For Job's Daughters Meeting

Tuesday registrants at the annual international business meeting of the Order of Job's Daughters numbered 562, according to meeting officials.

Registration workers expected nearly twice that number to sign in Wednesday in anticipation of a total delegation of 1,500 from both the 36 states and several foreign countries.

The girls range in age from 12 to 20.

Tuesday's registration included girls from the Philippine Islands and Canada.

3,000 Expected  
One chaperone for every group of five girls accompanies the delegations. Including other officials, about 3,000 persons are expected to be in Lincoln for the meeting.

The 6-day meeting marks the first time the international order has ever held its session in Lincoln. Meetings of the Order are being held in honor of Mrs. Millicent McCord Loper, Nebraska's first grand guardian and a past supreme guardian.

An informal meeting was held Tuesday night at the

Cornhusker Hotel. Formal opening will be Wednesday night at Pershing Auditorium.

**Drill Teams To Compete**  
Highlights of the meeting include the presentation of drill team competition Thursday at Pershing Auditorium. More than 30 bothels will compete in costume and precision drills.

A formal banquet will be held Friday for the initiation of honorary supreme international officers.

## Requests Exceed Hill-Burton Funds Available In State

Nebraska would have to receive 5 times the \$1.8 million in federal Hill-Burton hospital building funds allocated in 1962-1963 to handle the flood of new hospital project applications coming in before the Thursday midnight deadline.

Verne Pangborn, state Public Health Department hospital division director, made that observation.

Last summer's applications came to about \$15 million in total costs. Federal Hill-Burton funds cover 40% of a project.

Although application totals to date for 1963-1964 funds are not available, the amount will represent well over \$35 million judging by individual project announcements.

## Gothenburg Man Drowning Victim

Gothenburg (AP) — An elderly Gothenburg farmer drowned Tuesday in a canal on his farm 7 miles southwest of Gothenburg.

He was Nobel Decker, 72. He had been checking irrigation water when he apparently slipped into the canal shortly before noon. A search was started for him after he failed to return home for dinner.

The body was found several hours later by the Gothenburg Rescue Squad.

## Car-Pedestrian Mishap Injures Lincoln Boy, 9

A car-pedestrian accident at 16th and Washington Tuesday hospitalized a 9-year-old Lincoln boy.

Daniel W. Overton of 1419 A. was described in good condition at St. Elizabeth Hospital.

Police said the boy collided with the side of a car driven by Robert J. Robertus, 27, of 3816 So. 18th. The boy told police he did not see the car until the collision.

## Jail Terms For 25

Port Elizabeth, South Africa (AP) — Twenty-five African students received jail terms ranging from 18 months to 3 years for their membership in the banned Pan-African Congress (PAC).

Yesterday's Cryptogram: YOU CAN DO LITTLE BUT YOU CAN DO NOTHING WITHOUT IT—BUTLER

**WISHING WELL** By William J. Miller

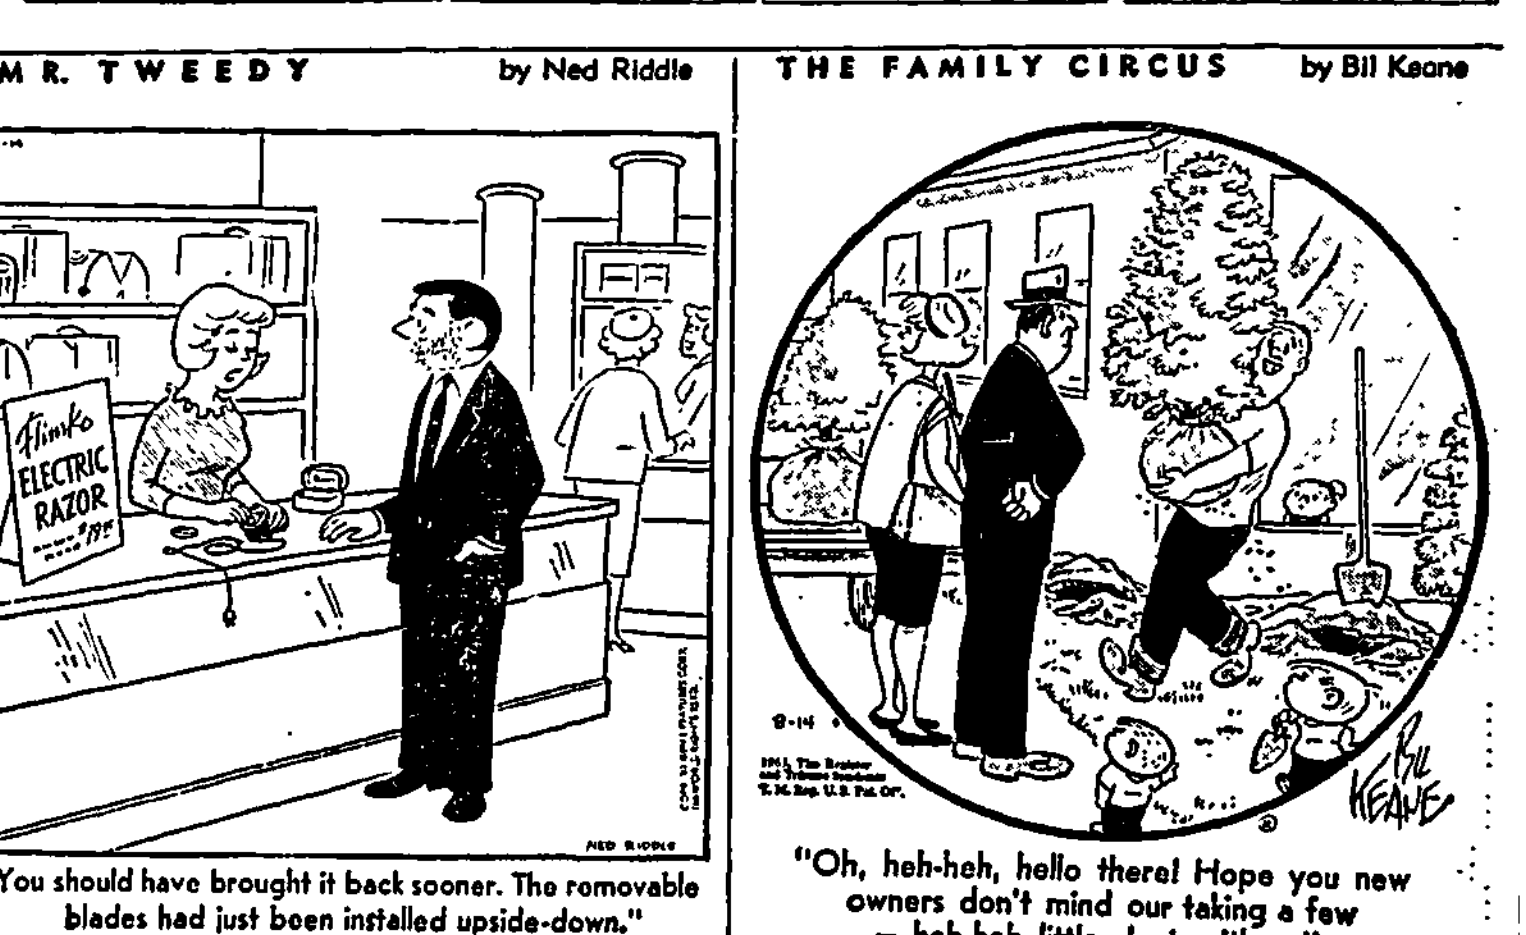

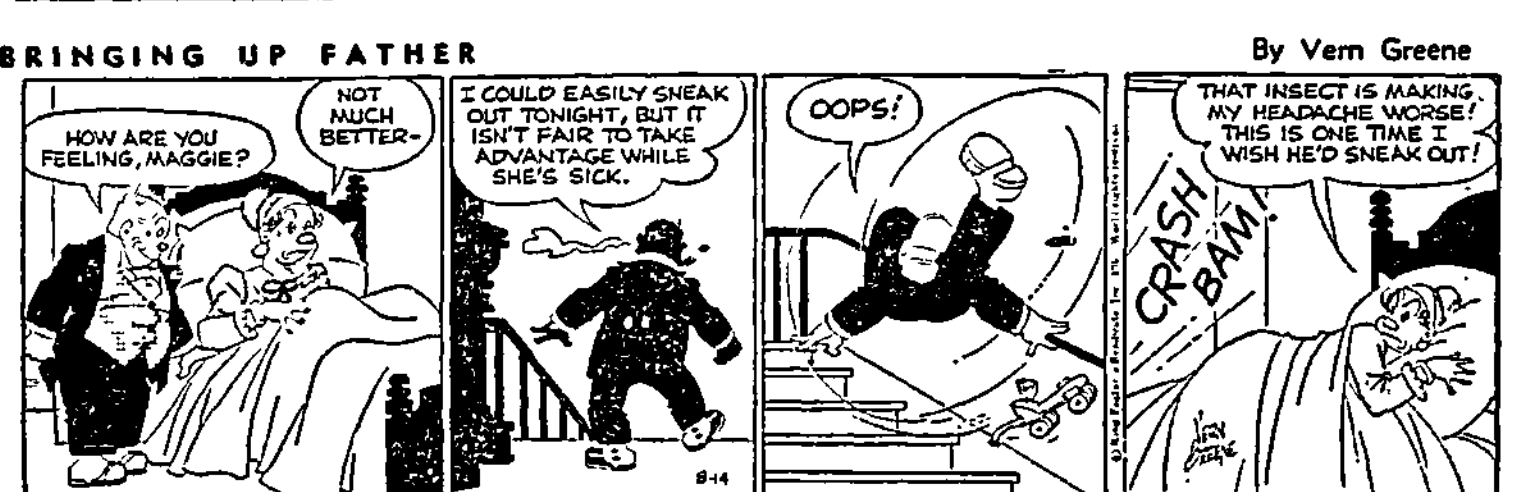

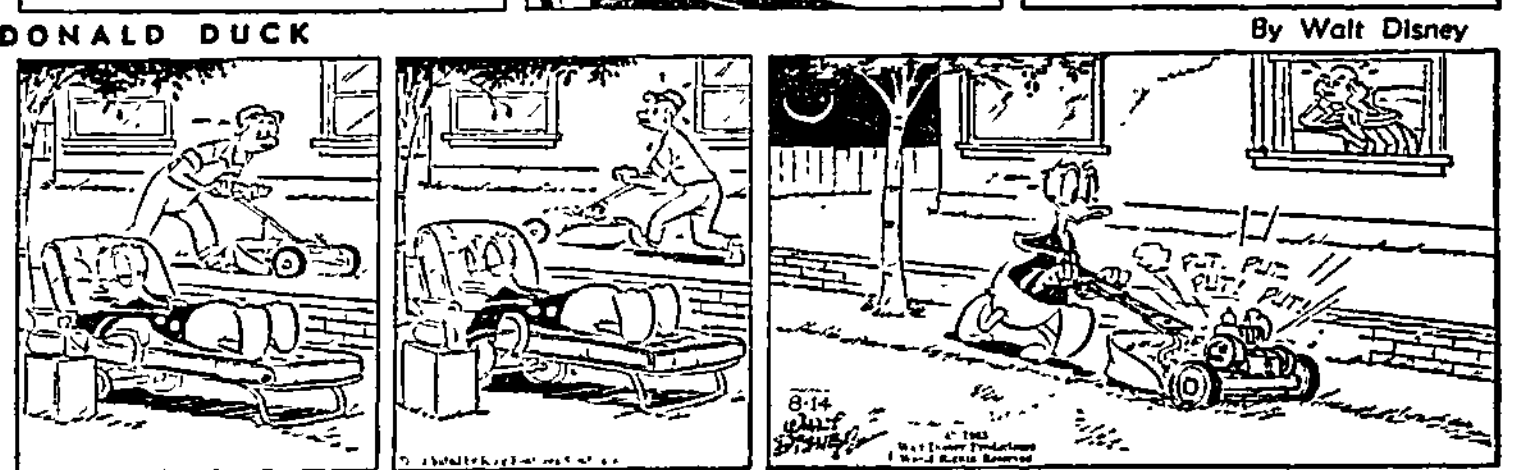

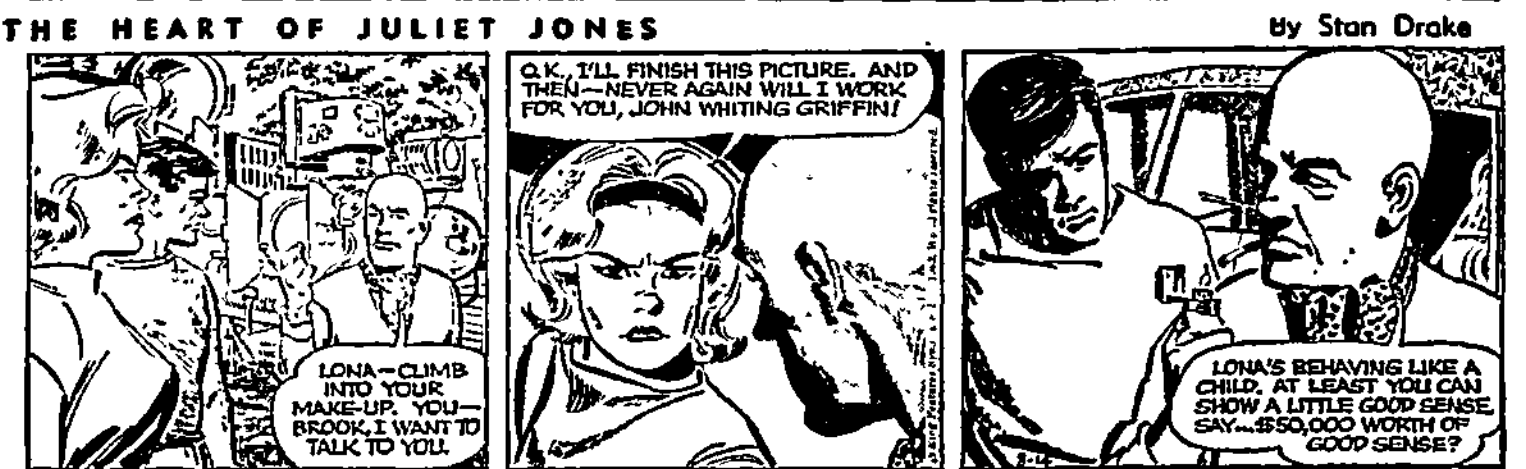

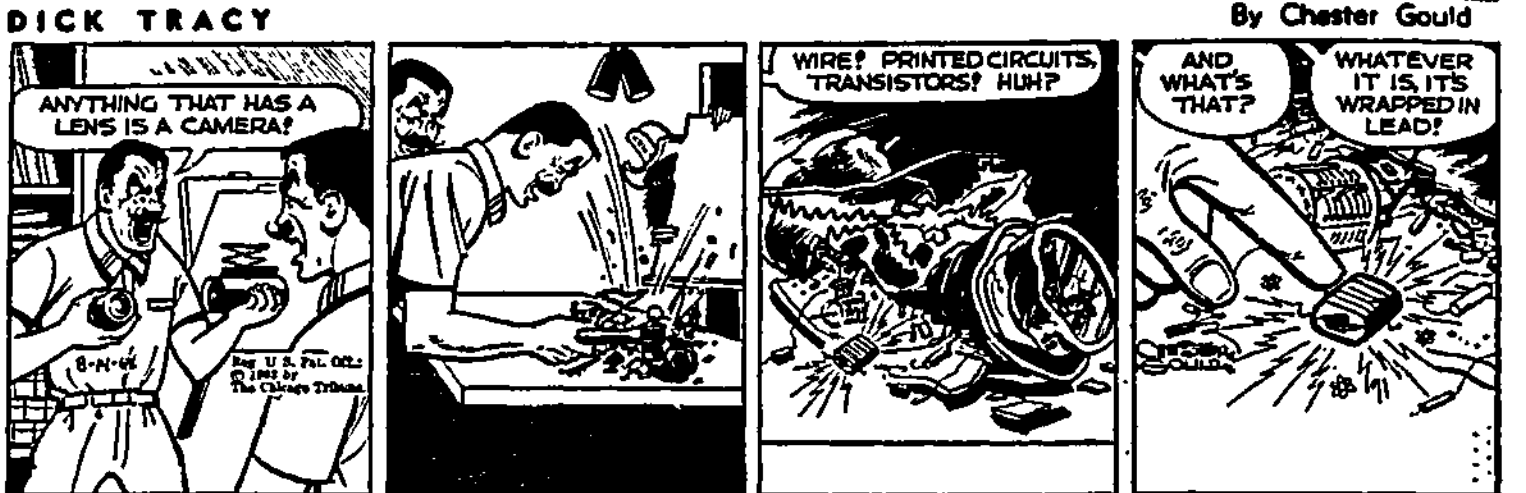

There is a practical little game that will give you a message every day. It is a "wishing well" game. To play it, you need a small box with a lid. Inside the box, you place a number of small pieces of paper, each with a letter on it. You then draw one piece of paper at a time, and the letters you draw form a message. For example, if you draw the letters W, E, L, L, you would have the word "WELL".

# Spahn Edges Dodgers, 4-3; Tops Waddell's SO Record

Milwaukee (AP) — Warren Spahn, the amazing old gentleman who heads the pitching staff of the Milwaukee Braves, became the greatest southpaw strikeout artist in baseball history Tuesday night when he hurled the Braves to a 4-3 decision over the Los Angeles Dodgers.

When Old Hawk Nose fired a 3rd strike past Dodger pitcher Bob Miller for his 4th strikeout of the game in the 7th inning, it brought his lifetime total to 2,382 and wiped out Rube Waddell's record of 2,381 that had stood since 1910.

The crowd of 13,529 at Milwaukee County Stadium roared its approval with a standing ovation for the man with the thinning hair who scored his latest achievement of a remarkable career at the ripe old baseball age of 42.

Spahn finished with 5 strikeouts as he won his 14th of the season against 5 losses. The victory came in his first start since recovering from an arm ailment that had sidelined him since July 29.

The winning run in Spahn's 34th career victory came in the 8th inning when Denis Manke scored Henry Aaron from 3rd with a sacrifice fly. Aaron led off the inning with a walk and sped to 3rd on a one-out single by Gene Oliver.

Miller, who had held the Braves to two hits from the time he relieved starter Johnny Podres in the first inning until the 8th, was saddled with the defeat, his 8th of the season against 7 victories.

Spahn ran his new record to 2,383 strikeouts when he fanned pinch hitter Al Ferrara to end the game. Miller struck out twice, while Spahn's other strikeout victims were Bill Skowron in the 4th inning and Dick Tracewski in the 7th.

Tracewski's strikeout, which tied the record, came immediately before Miller's second strikeout and the crowd was still cheering when Spahn added the clincher.

SPAHN DOFFS CAP... after whiffing 2,381st.

# WITNESS TESTIFIES NOTES NOT SAME

## Maloney Hurls 2-Hitter As Reds Blank Giants

Cincinnati (AP) — Jim Maloney pitched a sparkling two-hitter Tuesday night for his 18th victory of the season and got the backing of two-run homers by Frank Robinson and Vada Pinson in Cincinnati's 4-0 victory over the San Francisco Giants.

Maloney, a 6-foot-2 right-hander struck out 7 and walked only one. Harvey Kuenn and Felipe Alou got the only two hits off Maloney, both singles. Kuenn got his leading off the 4th and Alou with one out in the 8th.

Maloney's strong pitching broke the 14-game hitting string of the Giants' Willie Mays, who finished the game at shortstop. The all-star centerfielder went to short when Giant manager Al Dark made a number of player shifts in the 8th inning. He didn't have a fielding chance at the infield position.

## SPORT SIGNALS

By Hal Brown  
Sports Editor, The Star

### Gopher Games Bring Celebrations

With the exception of conference contests, the Minnesota clash undoubtedly ranks as the top attraction on the Nebraska schedule for Husker fans.

A large throng of Cornhusker fans will make the trip to Minneapolis this fall for the battle between the Huskers and the Gophers. Many will travel alone while many more will be part of an organized group. But whether they go to Minneapolis alone or in a gang, all will become one body of Husker rooters once they hit the Minnesota campus.

Husker wins over the always-tough Big 10 outfit have been few—only 6 wins in 37 contests—but each of the wins has brought enthusiastic celebration.

## Writer Graham Didn't Talk With Carmichael

... BUTTS TRIAL CONTINUES

Atlanta (AP) — An Atlanta insurance agent said Tuesday in Federal Court that notes offered in evidence were not the same ones shown to him last Sept. 13 by George P. Burnett, key witness in a \$10 million libel suit arising from football-fix charges. The surprise testimony was given by John Carmichael, called as a witness for Wally Butts, former Georgia athletic director who is suing Curtis Publishing Co. because of a Saturday Evening Post article.

Carmichael, a mostly silent figure in the controversy, said he and Burnett had been associated in a business enterprise and also worked for the same insurance firm.

Carmichael testified Burnett told of overhearing a telephone conversation Sept. 13 between Butts and Coach Paul (Bear) Bryant of Alabama.

"Burnett had some notes on the desk," Carmichael testified.

"Do you think you would recognize those notes?" he was asked.

"I believe I would, sir," Carmichael said.

## Yankee Shrine Team Elects Game Captains

Fremont (AP) — Sandy Buda of Omaha Creighton Prep was elected line captain of the North Shrine Bowl football squad Tuesday and Larry Wachholtz of North Platte was chosen co-captain.

Buda is a guard and Wachholtz will operate at quarterback and halfback.

The squad spent most of Tuesday's sessions working on defense. Contact work will be limited the rest of the week.

In kicking drills Tuesday, Robin Greene of Oakland and Tom Di Blase of Prep were doing the punting and George Blankenship, Omaha Holy Name, and Mike O'Doherty, Omaha Cathedral, worked the kickoffs and extra points.

## Lincolmites Impressive For South

Crete (AP) — Pass offense and defense, extra point kicking, punt receiving and goal line defensive play was stressed Tuesday in workouts of the South Shrine Bowl football squad.

Two teams ran offensive plays.

Rod Melroy, Holdrege, and Carol Stith, Lincoln Southeast, looked good at tackle in the defensive drills as did Stan Grell, Lincoln Northeast, a linebacker. Howard Hoover, Holdrege, a guard, also received plaudits for his work on defense.

In the pass offense drills, Gary Waring of Tecumseh, an end, did some good receiving.

Ken Brunk Cozad back, has recovered from an injury and showed well on defense.

## Taber Competing In KC Golf Meet

Kansas City—Lincoln's Matt Taber teamed with Missouri's 1963 state amateur golf champ, Jim Colbert, for a best-ball total of 70 in qualifying play Tuesday at the Heart of America Invitational tourney.

Taber and Colbert, a Kansas State student, were 5 shots back of the leaders, Rod Horn of Kansas City and Ken Lanning of Rolla, Mo. Horn and Lanning were 6 under par with a 34-31-65.

Match play for the 32 qualifying teams begins today and continues through Saturday.

SOUTH BACKS GET READY... Kaye Carstens of Fairbury (left) and Marlin Briscoe of Omaha South drill at Crete for the upcoming Shrine Bowl Game Saturday.

## Moose, Chiefs Vie In Key Tilt Tonight

... PLATTE VALLEY LOOP BATTLE

By HAL BROWN  
Star Sports Editor

Lincoln's entries in the Platte Valley Baseball League will be battling for a share of the top spot when the Moose and Chiefs meet at 8:15 tonight at Sherman Field.

The two clubs are tied for second place, one-half game behind leading Gretna. However, the Chiefs with a 6-2 record hold a percentage lead over the Moose with a 7-3 mark. League-leading Gretna is 7-2 and must meet the Chiefs once more.

A Chiefs win tonight would put skipper Ron Walker's team in a deadlock with Gretna, both with 7-2 records. A Moose win would give George Neill's squad a virtual tie, although they would still trail by percentage points. Gretna has a .778 percentage mark and the Moose with an 8-3 record would stand at .727.

Both managers will call on their aces in tonight's contest with Duane Elchorn going to the mound for the Chiefs and Duane Steffen taking the hill for the Moose.

Elchorn is also the Chiefs' leading hitter and was one of 3 players to hit home runs out of the ball park in the recent state semi-pro tournament at Wahoo.

The Moose have strengthened their lineup since they last met the Chiefs with the addition of John Falman and pitcher Bob Hergenrader.

Hergenrader joined the Moose after completing a successful American Legion Junior campaign with Lincoln's Gerry's and the University of Nebraska sophomore-to-be tossed a no-hitter against Treynor, Iowa, Sunday night in his first appearance with the Moose.

He will be ready for relief action tonight if needed, Moose manager George Neill notes.

## Advance Sales Indicate Record Shrine Crowd

Advance ticket sales continue to point toward a record attendance at the 5th annual Shrine Bowl football game Saturday.

The advance sale received a substantial boost Tuesday when 1,000 tickets were ordered for delegates to The International Order of Job's Daughters convention being held in Lincoln.

"Their order called for 1,000 tickets and possibly more," said R. C. Russell, president of Shrine Bowl of Nebraska, Inc., sponsor of the charity contest.

It is estimated that this year's attendance could top the 20,000 mark.

Russell reported that many good seats remain. Tickets are on sale daily at Shrine Bowl headquarters, 1530 L.

In addition a lighted trailer has been set up to handle tickets each evening from 5 to 10 at 16th and L.

Three ticket booths will be set up on O Street between 11th and 13th Saturday morning.

The colorful Shrine parade will begin at 11 a.m. Saturday with the football game set for 2 p.m. at Memorial Stadium.

A new twist will be added to the game this year. Officials will carry both red and white penalty flags. When a penalty is called on the red team the red flag will be thrown and when the charge is against the white team the white flag will be thrown.

The two-color flag system, which has been used with success in a number of college and professional games, is an experiment designed to assist fans in recognizing the team the penalty is against.

Success of the two-color flag system in the Shrine game could lead to adoption at the high school level in Nebraska.

# \$1600 Feature On Tap As Racing Nears End

... 9 RACES SCHEDULED TODAY

A claiming race with a \$1600 purse tops the 9-race program Wednesday in the next-to-last thoroughbred session at the Fairgrounds.

Dontbugne, with Xavier Torres aboard, will pack top weight of 117 pounds in the feature 8th race, a one-mile race for 3-year-olds and up.

A \$1200 allowance dash over the Lincoln Course has attracted a field of 8 two-year-olds. Speed Specialist will tote 120 pounds in the 4th race of the day.

Longshot Lucky Anthony's win in the first race helped boost the daily double to \$151.40 Tuesday. Walter Houghton piloted Lucky Anthony (1) to a victory worth \$20.40 on a win ticket and Stone Cadet (3), with Ronald Alexander up, captured the second race.

A dead heat for place and show money occurred in the 9th race. Burning Candle and Better Arm were the horses involved.

## Today's Entries

First race, purse \$1,000, 4 years old & up, \$1200-\$1250 claiming, Lincoln Course. The Game Warden (M. Kruger) 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, # Last Part Of August Most Dangerous For Drivers—Ryan

Wednesday, Aug. 14, 1963 The Lincoln Star 21

State Safety Co-ordinator Tom Ryan Tuesday warned motorists past history proves the next two weeks are the most dangerous of the year on Nebraska roads.

"The latter part of August, he said, annually cops the 'traffic death month of the year' award.

Thirty-five of 46 deaths last August occurred during the last half of the month, he added.

Ryan said out-of-state drivers contribute heavily to the August death toll. He said 30% of the August deaths to date this year involved non-

Nebraska drivers and 50% of suiting in less traction, and occasional blinding dust. On these roads the driver must slow down more than usual on curves and downgrades to avoid slamming on brakes. Blind spots are characteristic.

City—For persons unfamiliar with city driving conditions, the key words are "don't panic." You will be expected to move with the

traffic flow. In addition, be aware of the cars around you, traffic signs and signals and jaywalking pedestrians.

Resort — Crowded vacation spots mean slow-moving traffic, cars entering and leaving the road at odd places and pedestrians on the highway. Be ready for the unexpected.

When approaching resorts, slow down and use your high beam headlights whenever their use will not interfere with the other drivers. Also in the late hours use special caution near roadside taverns, night clubs and restaurants that serve alcoholic beverages.

## Farmers Include Recreation In Their Conservation Plans

More than 270 Nebraska farmers and ranchers are working to bring recreation sites within reach of everyone by making recreation part of their conservation planning.

C. Dale Jaedicke, Nebraska state conservationist, said much new interest has developed in recreational projects since provisions supporting this phase of rural areas development were authorized by Congress last year.

He said farmers and ranchers are helping meet the state's growing recreation needs by developing such enterprises as vacation farms and ranches, hunting and wildlife sites, and other sports areas.

More than 100 landowners and operators have established one or more of these income-producing enterprises on Nebraska farms and ranches and another 160 are planning to do so, he said.

Eighteen landowners plan to change from crop raising

or ranching to recreational enterprises as a primary source of income, according to Jaedicke. Some 6,000 acres are involved in this change of land use.

Jaedicke said, "More and more farmers and ranchers are realizing the opportunities that lie in the field of recreational development." He said a recent survey showed almost 10,000 soil and water conservation district cooperators across the nation established one or more income-producing recreation enterprises during the past year.

## Opinion Released On Extra Job For County Surveyor

A county surveyor in a county with a population of less than 50,000 persons may be otherwise employed by the county as an engineer on projects, providing his compensation for this work does not exceed \$2,000 a year, according to an attorney general's opinion released Tuesday.

The opinion said "... It is our opinion that in counties with population of less than 50,000 persons the county board can employ the county surveyor as an engineer on projects of the county requiring the services of an engineer so long as he is not paid more than \$2,000 in one year for his services as an engineer."

The opinion was written by Assistant Atty. Gen. Bernard L. Packett and approved by Atty. Gen. Clarence A. H. Meyer.

It was requested by Richard L. Kuhlman of Fremont, Dodge County attorney.

# Fireman Captured By Cops ... WENT WILD

Pittsburgh (AP) — A city fireman, blasting away with a shotgun from his house, held police at bay for over two hours Tuesday night and wounded 3 persons before tear gas routed him outside where he was captured.

Patrolman Robert Everett and his police dog were hiding behind a car when the gunman, identified as 29-year-old Armand A. Borgese, emerged from his gas-filled house on the North Side.

"No shooting! no shooting!" officers cried to Borgese. Then the police dog lunged and grabbed hold of Borgese, and Everett wrestled him to the ground.

At Father's  
Moments before, Borgese had fired a blast toward his father's adjoining house, shattering window glass above the head of Police Superintendent James W. Slusser. Slusser said he returned the fire with a carbine, wounding Borgese in the foot.

Officers fired two volleys of tear gas into the house, and the fumes quickly forced Borgese into the open.

He was taken to St. John's hospital where attendants said he was in fair condition with a wound of the foot and tear gas burns.

In Cellar  
When policemen first arrived on the scene, Borgese was in the upper portion and his wife and two children, Lisa and Armand, both of pre-school age, were in the cellar.

Borgese fired periodically out of the windows. Policeman James Casson, 38, was shot in the arm. He was listed in good condition at St. John's.

Two bystanders also were wounded by ricocheting pellets. They are Edward Kalish, 64, and James McCartan, 24, both of the Pittsburgh area. Kalish was wounded in the left cheek and index finger, and McCartan was shot in the right shoulder. Neither man was reported seriously hurt.

Family Safe  
Police got Borgese's wife and children out of the basement about 20 minutes before he was captured.

An army of policemen converged on the scene before the capture. They called for tear gas, metal bullet shields and trucks with rigs to light the nighttime scene.

## FORMULA TO BEAT THE HEAT

Caesar, a dog of undetermined ancestry in the household of Dallas News photographer Clint Grant, demonstrates his one-two-three formula for beating the heat—first the flip, then the dip and then the towel to stop the drip.

## Four Brothers Drown Trying To Save Youth

Carrollville, Ark. (AP) — Two pairs of brothers drowned in a flood control ditch Tuesday while trying to rescue a fifth youth—who eventually saved himself.

The survivor, Larry Mack Massey, is a brother of two of the victims and a cousin of the other two. He told Clay County, Ark., authorities:

"I called for help," he said, and one-by-one the others came to his aid. Each drowned in successive attempts to save him.

The victims were: brothers J. Allen Massey, 17, and Gerald Wayne Massey, 22, and brothers Barney Eldon

Massey, 22, and Alvin Eugene Massey, 21.

Larry Mack was a brother of J. Allen and Gerald Wayne and cousin of the others.

Larry Mack clung to a floating log until a third cousin, Larry Gene Massey, 14, summoned several men who their names were not learned.

Area residents said the ditch is 10 to 15 feet deep and 20 to 30 feet wide. Its stream is swift-moving.

The ditch is near the St. Francis River in northeast Arkansas. Carrollville is 7 miles east of Piggott, Ark., near the Missouri border.

## 'Use Of Camp Kiwanis For GOP Meet Won't Affect Tax'

The tax-exempt status of Camp Kiwanis will not be affected by its being used as the site of a teen-age Republican camp, Lancaster County Young Republican Chairman Ron Horstman said Tuesday.

The Nebraska Young Republican Federation plans a camp

for teen-agers, 15 to 18, who are interested in the Republican philosophy of government, to be held at Camp Kiwanis Aug. 26 through 29.

Donald R. Grant, chairman of the Lancaster County Democratic Committee, criticized the use of Camp Kiwanis, owned by the Camp Fire Girls, for a political purpose.

A statement by the Democratic committee said the use of the tax-exempt property for political purposes renders the property liable for property taxes.

Horstman produced a letter from Seward County Assessor Fred Brun which assured Young Republicans their use of the camp will not change its tax exempt status.

"Mr. Brun has assured us that since the teen-age Republican camp does not constitute the primary or dominant use of the property, it will not cause them to be changed to a taxable status," Horstman said.

"Mr. Brun indicated that a fee, when charged, is considered as a maintenance cost and not a charge for the use of the premises for profit," Horstman said.

## Demos To Hear Ted Sorensen

Omaha (AP) — Theodore Sorensen, special assistant to President Kennedy and a native Nebraskan, will speak at the Democratic Party Jefferson-Jackson Day fund-raising dinner in Omaha Nov. 1.

Clayton Shout, dinner chairman, said he received confirmation Tuesday that Sorensen would appear. Sorensen is a native of Lincoln and is a graduate of the University of Nebraska.

## Bruce McBride Elected Beauty Pageant Prexy

Bruce McBride of Beatrice was elected Tuesday night as the 1963-64 president of Miss Nebraska, Inc.

Bob Gerdes of Fairbury was chosen vice president and Charles Jaworski of Fremont was elected secretary-treasurer.

The 1964 pageant will be held at Fairbury June 25 through 28 with Gerdes as director.

The 1963 Miss Nebraska is Donna Marie Black of Broken Bow who will represent the state at Atlantic City in September in the national Miss America pageant.

## Comstock Denies Firm's Sidewalk Parking Plea

Acting Mayor John Comstock Tuesday denied the application of Lincoln General Tire Inc. for a sidewalk parking permit at 333 So. 11th.

The action was recommended by Public Works Director D. L. Erickson and Traffic Engineer Robert Holinger.

Governor, Johnson To Discuss Staff Additions  
Gov. Morrison said Tuesday he will confer with Tax Commissioner Forrest Johnson soon about additions to the commissioner's staff. The Legislature increased the commissioner's appropriation by \$53,500 last session for this purpose.

# M. Perez Jimenez' Extradition Stalled

... BY PATERNITY SUIT

Miami, Fla. (AP) — Venezuelan ex-dictator Marcos Perez Jimenez, who has fought 4 years against extradition to his homeland, gained a delay Tuesday as a plane stood by to whisk him away.

Ironically, the exiled president, wanted in Venezuela for alleged embezzlement of \$13 million while in office, won his stay because of a paternity suit that he fought.

Perez Jimenez remained in jail under federal custody while possibly final legal battles were fought after Secre-

tary of State Dean Rusk's decision to let Venezuela try him. He has been in jail since Dec. 12.

**Decision**

Delaying Perez Jimenez' extradition was a decision by Dade County (Miami) circuit Court Judge Robert H. Anderson to stay an order in the paternity action until possible appeals court review. The appeals court is on vacation. County attorney Darrey Davis said the hearing probably would not be held before Friday.

Otherwise, the legal stage appeared to be set for Perez Jimenez' extradition.

In Jacksonville, Fla., U.S. Circuit Court of Appeals Judge Warren L. Jones denied a motion for an extradition stay order.

In the paternity suit, Judge Anderson had dismissed a request to prevent the ex-president from leaving until he put up bond to provide for a child that blonde 26-year-old Ilona Marita Lorenz said she bore him.

**Trust Fund**

Miss Lorenz, a native of Bremen, Germany, and former resident of Fort Lee, N.J., claimed Perez established a \$75,000 trust fund providing \$300 monthly for her daughter until the girl reaches her 18th birthday.

Companion to her suit was a motion by Perez Jimenez' attorneys for an order freeing Perez Jimenez from jail to testify in his own defense against Miss Lorenz' allegations.

A long-standing damage suit against Perez Jimenez, filed by Enrique A. Garcia Jr., a Santo Domingo, Dominican Republic and Long Island, N.Y., broker, also was activated Tuesday.

**Not Timely**

Circuit Judge Harvie S. Duval denied all motions. "This is not a timely thought," he said.

Garcia's attorneys had asked that Perez Jimenez be required to post bond before he left the country and had also asked that his property be attached. The attorneys claimed that the former dictator owed Garcia \$58,670 for work trying to arrange a \$2 million loan from Perez Jimenez to the National Housing Institute of Mexico.

The regime of President Romulo Betancourt, which came to power after P. J.'s ouster in 1958, promised he would receive a fair trial and could only be sentenced to prison.

**Beauty Parlor Bars Christine, Miss Rice-Davies**

London (AP) — The owner of a swanky beauty parlor said Tuesday he had barred Christine Keeler and Mandy Rice-Davies from his premises because society women objected to them.

"We stood by Miss Keeler and Miss Rice-Davies as long as possible," explained Vidal Sassoon of Bond Street, "but pressure became so great we were forced to tell them not to come anymore."

Miss Keeler was the principal in the recent John Profumo and Dr. Stephen Ward scandals. Miss Rice-Davies figured prominently in the Ward case.

Sassoon's clients include a European princess, a couple of duchesses, many titled women and a number of prominent actresses.

**Congratulations Pour Into Small Monarchy**

Vaduz, Liechtenstein (AP) — Telegrams of congratulation from world leaders poured into this capital of the world's smallest monarchy Tuesday—the 25th anniversary of the reign of its prince, Francis Joseph II.

Messages to the ruler of the pocket principality sandwiched between Switzerland and Austria include greetings from Pope Paul VI, West German President Heinrich Lübke and Austrian Chancellor Alfons Gorbach.

# Convalescent Hospital Funds Okayed By HEW

Lincoln County's Convalescent Hospital project received a green light Tuesday when the federal Department of Health, Education and Welfare (HEW) approved \$320,989 as the federal share of construction costs.

Ralph Harlan, chairman of the Lincoln County Board, received notification of the approval in a telegram from U.S. Sen. Roman Hruska and Rep. Ralph Beerman.

HEW approval is routinely obtained on all projects financed with Hill-Burton hospital construction funds. The grant for the Lincoln County project will finance 40% of the convalescent care unit and 40% of the medical center of the proposed hospital.

Inheritance tax funds will account for the remaining 60% to build the hospital on county-acquired land adjacent to Lincoln General Hospital.

Preliminary plans for the project, drawn by Lincoln architects Clark & Enersen,

have been delivered to Hill-Burton regional officials in Kansas City, Kan., for approval.

"We expect to have final plans done and let bids within

60 days," Harlan said. He said he hopes construction will be under way "sometime this fall."

Estimated cost of the project is \$1.15 million.

## Bids For Remodeling Airport Terminal Go Over Estimate

A combination of apparent low bids totalling \$252,985 for remodeling the Municipal Airport Terminal Building were opened Tuesday by the Airport Authority.

The bids exceeded the estimate of \$160,000, but Authority Chairman Leo Beck Jr. said the board hoped contract awards could be made Friday.

Action was deferred until Beck could confer with the architect, Selmer Solheim.

Geo. Cook Construction Co. was apparent low bidder at \$172,000 on the general con-

tract as compared with Olson Construction Co., \$175,880; Ken Allen Construction Co., \$184,032; Robertson Construction Co., \$179,555; and Judd Bros. Construction Co., \$177,456.

Other Low Bidders  
Other apparent low bidders:—Plumbing work—Morrissey's Plumbing & Heating, \$5,406 compared with Newberg and Bookstrom Plumbing & Heating, \$6,560.

—Heating and air conditioning—Morrissey's, \$25,389, compared with Bonebright Plumbing & Air Conditioning, \$31,000, and Newberg & Bookstrom, \$29,740.

—Electrical—ABC Electric, \$50,200, compared with Mason Electric, \$56,143; and Commonwealth Electric, \$62,957.

The board authorized an application and appearance Friday before the State Aeronautics Commission to request state airport aid funds for the municipal terminal work.

Beck also reported that Mayor Dean Petersen is authorizing the authority to reimburse the city in connection with Frontier Airlines' Columbus case before the Civil Aeronautics Board in September.

## Officials Head Toward Site Of Landslide

Katmandu, Nepal (U)—Top government officials Tuesday headed to the scene of a Himalayan mountain which is reported to have killed about 200 Nepalese Sunday night.

The governor of the district, 60 miles west of here, already was at the site, the Home Ministry announced. He will be joined there by Assistant Government Minister Rajeswar Devkota and Chief of Police Rombahadur Thapa.

Army troops and police were engaged in rescue work. Some survivors already have been brought to the village of Trisuli Bazaar, about 10 miles—or a day's march over rugged terrain—south-east of the scene, the Home Ministry said.

The Nepalese National News Agency said the landslide occurred during a heavy monsoon rain and hit 4 villages located in highly inaccessible mountain ridge territory.

—A fully developed urban renewal program.

—Exploration of "an accelerated expansion of public housing."

—An education program to encourage home improvement.

—The recognition by all persons—white and Negro—of the "serious responsibility . . . to move forward more rapidly but with orderly processes."

Monen said the committee, which includes 9 Negroes among its 32 members, felt the question of "open occupancy" is a matter of public education, best left to churches and schools, and not a proper function of the subcommittee.

Meanwhile, the Citizen's Co-ordinating Committee for Civil Liberties picketed the Kresge Store in downtown Omaha.

The Rev. Rudolph McNair, co-leader of the group, said the demonstration protested the store's employment practices. It has nearly 80 employees and only two of those are Negroes, he said.

The demonstrators paraded in front of the store Tuesday morning. About 20 Negroes took part, led by the Revs. McNair and Kelsey Jones.

HAPPY TWINS . . . Schmoker and Mrs. Timm.

## Twins, 88, Claim Mark For Double Longevity

By DICK STUCKEY  
Star Staff Writer

A pair of 88-year-"young" twins are laying claim to longevity records.

Fred Schmoker of 2121 So. 19th and his twin sister, Mrs. Margaret Timm of Chandler, Ariz., believe their combined 176 years of hardy life unequaled by twins anywhere.

At least they know no such duo in Polk County—where they were born in a sodhouse and grew up—can match the Schmoker-Timm twins' ages.

All comers, these twins will take on all comers in Nebraska for the title.

How about the U.S.? If any pair of twins is as old or older, "I think you can count them on one hand," Mr. Schmoker said.

Born March 28, 1875, one year after their Swiss immigrant parents had moved to a sod house farm north of Osceola, the twins have spent almost all of their lives in Polk County.

Mr. Schmoker moved to Lincoln in 1945 after a life of farming. Mrs. Timm sold the Osceola home 3 years ago and now lives with her daughter, Mrs. Arvilla Manthey in Arizona.

Full of Life  
Mrs. Timm is visiting her twin brother this month in Lincoln. And the brother-sister pair is as full of life and talk—and argument—as any "young" brother and sister.

Recollecting memories, dates, places and people—and challenging each other's recall—the twins talked of their long lives which helped carve a state

from a prairie for this generation.

Mr. Schmoker has 4 children: Miss Laura Delfs, who lives with him; Mrs. Grace Hunter of Cheyenne, Wyo.; Paul Schmoker of Michigan; and W. C. Schmoker, deceased.

Mrs. Timm, married in 1897, has 3 children: Mrs. Manthey, Robert Timm of Wilber and Lloyd Timm of Callaway.

Small Family  
Mrs. Timm also has 2 grandchildren, on whom she is impatiently counting to catch up with her brother's leading family head count of 4 grandchildren and 4 great-grandchildren.

"But we're a small family yet," she said.

Unknown Politician  
First President Of E. Katanga Province

Elisabethville, Congo (U)—An unknown politician, Edouard Bulundwe, Tuesday became first president of the newly formed province of East Katanga.

He was elected by the Provincial Legislative Assembly by 13 votes to 8 of his nearest rival, Finance Minister Jean Baptiste Kibwe.

Bulundwe is a member of ex-president Moise Tshombe's Conakat Party and serves as a national deputy for Kipushi, near the Rhodesian border.

He was proposed for election by the Central Congo government.

Bulundwe is at present in Leopoldville but is expected to arrive here Wednesday.

## POLICE CHARGE FIGHTER WITH SELLING DOPE

Rome (U)—Rome police Tuesday arrested a Brazilian boxer and charged him with peddling narcotics.

Investigators said Waldir Teixeira, a handsome 23-year-old lightweight, had taken to smuggling narcotics from Latin America to make money as his ring career declined.

They said he had used his boxing gloves as hiding place to sneak marijuana past customs officials.

Teixeira had achieved a reputation as a comer in Italian boxing circles but in recent years he had slipped badly.

He hadn't won a fight since 1961.

## Science May Destroy Flies

Rome (U)—University of Rome scientists launched an experiment Tuesday that they believe will wipe out all the flies in a test village south of Rome by means of a sterilizing chemical.

Deprived of the ability to reproduce, the common house fly should cease to exist by the fall in the inland hilltop village of Bassiano (population 2,000) between Rome and Naples, according to the experimenters.

The chemical, put into solid bait such as sugar, works through the reproductive apparatus of the female fly, which can yield offsprings only once during its brief lifespan.

Contact with the female fly makes the male fly sterile. The artificial sterilization is described as contagious, meaning that any flies coming in contact with the sterilized flies themselves become sterile.

# Novice Buddhist Monk Kills Self

Saigon, South Viet Nam (AP)—A 17-year-old novice Buddhist monk burned himself to death Tuesday in a blazing suicide that could help spread the fire of general rebellion.

Stunned Buddhist leaders appeared to have lost control of the suicide tactic they inaugurated two months ago as a form of protest against alleged persecution by the government of President Ngo Dinh Diem.

The secret 2 a.m. self-immolation by Thich Thanh Tue was the 3rd suicide by fire since aged monk Quang Duc set a spectacular precedent June 11. An 18-year-old girl tried to hack off her hand in a Saigon Pagoda Monday night in another attempt.

Charred

The charred and still smoldering body of the novice was found by monks outside a pagoda 3 miles west of the central Vietnamese city of Hue early Tuesday morning. He apparently had soaked his clothes in gasoline and touched a match to himself.

He left 4 letters which, informed sources said, denounced the persecution which Buddhist leaders charge to the government, whose leaders are predominantly Roman Catholic.

A crowd of about 1,500 gathered near the site, but it was orderly and there were no noisy demonstrations. Government armored cars took up positions at strategic locations in Hue.

Deadlocked

Buddhist and government leaders were reported deadlocked on burial arrangements. The Buddhists want to bring the body to the central Hue pagoda, but authorities have so far refused permission.

Hospital officials here reported the girl who tried to kill herself, Mai Tuyet, 18, was in good condition and would be released within a day or two.

More than a dozen others—mostly young people of both sexes—have offered to kill themselves some time in the future.

Fatal Dose

Nguyen Tuong Tam, South Viet Nam's leading writer and an outspoken critic of the Diem regime, took a fatal dose of strychnine last month just before he was to stand trial for complicity in a coup attempt.

Tam said in his farewell letter his suicide also was in support of the Buddhist struggle.

An aging Buddhist nun, mother of South Viet Nam's leading scientist, has volunteered to burn herself alive.

Increased

All of this increased the danger to this Communist-threatened government of a mass upheaval. Each person who commits suicide is viewed by many as a martyr to a good cause.

The Saigon government is aware of the explosive effect of such suicides, and has a trained squad of judo experts ready to try to stop them.

Leading Buddhist monks, however, realize the utility of controlled public protest suicides. There is growing fear on both sides that the international attention focused on Vietnamese suicides these days will lead to uncontrolled, passionate self-destruction on a wide scale.

Despite continued dissatisfaction, Buddhist leaders said they intended no further mass demonstrations until after the arrival of the new U.S. ambassador, Henry Cabot Lodge, Aug. 23.

# Bar Association Opposed To Mass Racial Demonstrations

Chicago (AP)—The American Bar Association, in a civil rights declaration, asserted Tuesday that "mass demonstrations must give way to mass determination that the races will live together in mutual respect."

By a voice vote the association's House of Delegates adopted a report of the bar's special civil rights committee set up in July in response to President Kennedy's plea for volunteer citizen action to ease racial tension.

"The settlement of critical racial problems at hand must be made around the conference table and cannot be made on the street," the report set forth.

"Minority groups are entitled to all of the rights given them under the constitution. This is a principle with which no lawyer can disagree."

"Sight must not be lost, however, of the fact that their rights carry with them correlative responsibilities and obligations. Racial tranquility in this country will depend in substantial measure upon the extent to which responsibilities and obligations stand side by side with rights and enjoyment of rights which are guaranteed."

The report declared the ABA "solely enjoins" every lawyer as an individual and a member of bar associations:

"To assist to the fullest extent of his capabilities in procuring communication and understanding between the races in the conflicts which presently exist;

"To help organize and to serve with civic groups sincerely seeking peaceful and lawful solutions to the problem;

"With bi-racial committees where local conditions permit, to help eliminate unconstitutional statutes, ordinances and practices;

"To help develop and support needed affirmative legislation or programs, and

"Publicly to urge respect for the judiciary and the legal process."

This valuable coin may be in your pocket

It's worth \$45

Look for this 1914 D penny. If you find one, Federated Finance will pay you its collectors' market value according to the coin's condition. Federated does not specialize in collecting coins. Their specialty is in loaning money—fast—to folks who need it. You might find this valuable coin in your pocket—but if your pockets are empty better see Federated Finance today.

All the money is valuable at FF because it can be quickly yours for the asking. Whether you need \$30 or \$3000, the easy, fast way to get it is at Federated Finance.

It was a perfect day. The big, gleaming jet flew through sunny Mediterranean skies. Over Mediterranean-blue waters, filled with the bones of a man a trimes and Greek amphorae loaded with wines 2000 years old.

Over green islands where marble columns mark a fallen temple and Rommel's loot from Africa is buried.

We flew over red earth Spanish plains and green Portuguese mountains bristling with the fat pine they use to fire pottery.

It was a perfect day. It was bedlam.

"Welcome aboard TWA's super-jet flight to New York," said the loudspeaker.

The little girl across the aisle said: "Mama, I have to go to the bathroom."

"Hush," said her mother. "Fasten your seat belt. We're going to go into the air. Why didn't you say something while we were getting the tickets?"

"You'll be sorry," said the little girl.

The flight picked up children like a blue serge suit picks up lint.

We started with about half a dozen. They must have multiplied—by fission or something.

At Lisbon—steaming at this time of year—we picked up a family with 10 kids. The stewardess at the door turned a little white when she saw them coming up.

I asked the stewardess: "How many have you got?"

She said: "I count 23. How we'll get through this, I'll never know."

It was a perfect day, as I said. The Atlantic was blue as ink on a blotter.

"We went to Greece," said the little girl across the aisle. "My father drank something they make there and he acted funny."

The mother looked pained. She said: "You can go to the bathroom now."

"I don't have to go now," said the girl. She said to me: "He acted very funny."

The mother said quickly: "Here, have some chewing gum."

Several of the children were crying, for one reason and another. There was a constant procession to the bathrooms and the water fountains.

I noticed one boy trying to pry the glass of the window with a can opener. He was at it quite scientifically. I think if Boeing had not had excellent workmanship, he would have succeeded. Gone out with the pressure like toothpaste from a tube.

My own moppet loved every minute of it. She was dead tired for a nap but couldn't afford to miss the excitement.

The stewardess said: "We show films on this run. But if we don't feed these kids, I'm afraid they'll take the plane apart."

The little girl across the aisle said: "Did you ever drink anything in Greece like my father?"

"Hemlock," I said. "I could settle for a nice, cold glass of hemlock." I said to the stewardess: "Could you bring me a little hemlock? Make it dry with English gin."

My own child had attached herself to a strang man and was insisting on handing him a sticky lollipop.

I retrieved her. She let out great roars of rage. The little girl said: "She's afraid of you. You must beat her."

The stewardess returned with the martini which my child kicked, spilling half over my shirt.

The seat belt sign for landing came on. The little girl said to her mother: "I have to go to the bathroom."

The loudspeaker stewardess said: "We are about to land in . . . The ground temperature is . . . We thank you for flying TWA."

She sounded tired, mighty tired.

# Family From New Orleans Gets Special Tour

... THANKS TO KNOWING INFLUENTIAL PEOPLE

Washington (AP)—The Felix J. Bethancourt family of New Orleans got an extra special tour of the White House Tuesday, thanks to knowing some influential people.

Bethancourt, his wife and their two children, Jan, 12, and Val, 10—an ordinary family—met President Kennedy, chatted with him in his office, got his autograph, White House pens and a PT boat tie clasp, breakfasted in the staff room and were driven to Capitol Hill in a White House limousine.

Excited, elated and slightly dazed by it all, the 4 told of their adventure a little later in the office of Rep. F. Edward Hebert, D-La.

"It was astounding," said Mrs. Bethancourt.

"No one will ever believe

me," said Bethancourt, who works for the Veterans Administration in New Orleans.

Bethancourt said they were on an 8 a.m. White House tour with Jimmy Deakin, an aide to chairman Carl Vinson, D-Ga., of the House Armed Services Committee.

"Jimmy took us out of the tour line and into the cabinet room," Bethancourt said.

"Pretty soon the President came in and we shook hands with him. He asked if we'd like to see his office and took us in there where we met his secretary."

Kennedy gave Val a PT boat tie clasp and gave both Jan and Val White House pens. He also autographed their White House tour books.

After that Deakin took them to the staff room for break-

fast and later a White House limousine returned them to Capitol Hill.

Knowing the right people helped, Bethancourt and Hebert are cousins. The Bethancourts, here on a two-day visit, expressed a desire to see the White House. Ordinarily the special congressional early morning tours of the White House are booked weeks in advance.

Hebert took the Bethancourts to Vinson Monday and enlisted his aide, Vinson assigned Deakin to help. Deakin, it turns out, knows the right people, particularly the Secret Service folks and Kennedy's secretary.

The Bethancourts agreed the President was a personable man who put them at ease quickly.

Mrs. Bethancourt said that when the President invited them into his office she went through the door first, and "I thought 'Oh goodness, maybe I shouldn't be in front of him.'"

Val was so excited when the President pinned the tie clasp on him he couldn't think of anything to say.

I finally said 'thank you,'" said Val.

One drawback about the whole thing, said Bethancourt, is that on the automobile drive up to Washington Val asked if they could see the President.

"I told him of course not, that it was completely out of the question," Bethancourt said.

"He'll never believe me again."

After VIP tour, Bethancourts pose with Deakin, left, and Father Daniel F. Quinn, 2nd from left, assistant chaplain at Otis Air Force Base.
